QUESTION 1

Question: ________ are a pair of white or longitudinal lines that mark where pedestrians are permitted to walk.
Correct answer: Crosswalk lines
Explanation: Crosswalk lines are a pair of white or longitudinal lines that mark where pedestrians can walk. Do not block the crosswalk with your vehicle.

QUESTION 2

Question: ________ are designed to allow vehicles to slow down and leave the expressways.
Correct answer: Exit ramps
Explanation: Exit ramps are designed to slow down and leave the expressways. There is often a lower speed posted for the ramp.

QUESTION 3

Question: ________ are the mobile devices that are often used on some roads to give drivers an advance warning of construction zones.
Correct answer: Flashing arrow signs
Explanation: Electronic messages or flashing arrow panels are the mobile devices that are often used on some roads to give an advance warning of construction zones and unusual conditions at/near work zones.

QUESTION 4

Question: ________ are the most frequent type of crashes on interstates.
Correct answer: Rear-end collisions
Explanation: Always keep at least two seconds' space cushion between you and the vehicle ahead. When the weather is bad or the pavement is slick, you should double that time. Rear-end collisions are the most frequent type of crashes on the interstates.
QUESTION 5

Question: __________ are the most likely places for car and motorcycle collisions to occur.

Correct answer: Intersections

Explanation: Intersections are the most likely places for car/motorcycle collisions to occur. This usually is the result of a car driver not seeing the motorcycle and turning into the motorcycle's path.

QUESTION 6

Question: __________ indicates the outside edge of the traffic lane, and may be crossed only by traffic moving to or from the shoulder.

Correct answer: Solid white line

Explanation: In many areas, the right and/or left edges of the highway are marked with a solid white line. This line indicates the outside edge of the traffic lane, and may be crossed only by traffic moving to or from the shoulder.

QUESTION 7

Question: __________ lane is intended to be used for passing slower vehicles, on multi-lane roads.

Correct answer: The leftmost

Explanation: On multi-lane roads, the leftmost lane is intended to be used for passing slower vehicles. If you pass on the right, the other driver may have difficulty seeing you and might suddenly change lanes in front of you.

QUESTION 8

Question: __________ may be used in work zones both day and night to guide drivers into certain traffic lanes.

Correct answer: Large flashing or sequencing arrow panels

Explanation: Large flashing or sequencing arrow panels may be used in work zones both day and night to guide drivers into certain traffic lanes and to inform them that part of the road or street ahead is closed.

QUESTION 9

Question: __________ occurs on wet roads when your front tires start to ride on water instead of the road.

Correct answer: Hydroplaning

Explanation: Hydroplaning occurs on wet roads when your front tires start to ride on water instead of the road. As you go faster, the problem becomes worse and you will lose control of your steering.
QUESTION 10

Question: ________ are yellow and diamond-shaped, with black lettering or symbols.
Correct answer: Warning signs
Explanation: Warning signs usually are yellow and diamond-shaped, with black lettering or symbols.

QUESTION 11

Question: ________ are zones around a truck or a heavy vehicle where other vehicles disappear into blind spots.
Correct answer: No-zones
Explanation: Trucks and buses have blind spots called No-zones. No-zones are the areas around trucks and buses where cars "disappear" into blind spots. These areas are so close that they restrict the truck or bus driver's ability to stop or manoeuvre safely.

QUESTION 12

Question: ________ show parking spaces for persons with disabilities.
Correct answer: Blue pavement markings
Explanation: The blue markings show parking spaces for persons with disabilities.

QUESTION 13

Question: ________ are made to stop runaway vehicles safely without injuring drivers and passengers on steep mountain grades.
Correct answer: Escape ramps
Explanation: Escape ramps are located on many steep mountain grades. Escape ramps are made to stop runaway vehicles safely without injuring drivers and passengers. Escape ramps use a long bed of loose soft material (pea gravel) to slow a runaway vehicle, sometimes in combination with an upgrade.

QUESTION 14

Question: ________ indicates the left edge of traffic lanes going in your direction.
Correct answer: A solid or broken yellow line
Explanation: A solid white line indicates the right edge of the traffic lane on a road. A solid or broken yellow line indicates the left edge of traffic lanes going in your direction.

QUESTION 15

Question: ________ lines mean that passing is not allowed in either direction.
Correct answer: Solid double yellow
Explanation: Solid double yellow lines mean that passing is not allowed in either direction. You may not cross the lines unless you are making a left turn.
QUESTION 16
Question: A _______ offers you the best possible protection in a car crash and, therefore, is your best defense against the drunk driver.
Correct answer: safety seat belt
Explanation: Safety belts do make the trip safer and help save lives. They prevent serious injuries to the head and to the body in a car crash.

QUESTION 17
Question: A __________ on a two-way road allows you to cross over into the oncoming lane temporarily to pass a vehicle, if it is safe to do so.
Correct answer: broken yellow line
Explanation: On a multiple-lane roadway with several lanes in one direction, you must use the middle and left lanes for passing. A broken yellow line on a two-way road allows you to cross over into the oncoming lane temporarily to pass a vehicle, if it is safe to do so.

QUESTION 18
Question: A barrier of grass, concrete or other material separating two roadways, including interstate highways is known as:
Correct answer: a median
Explanation: A barrier of grass, concrete or other material separating two roadways, such as the area between the two roadways on an interstate highway, is known as the median. It is not legal to ride over, across or on the median.

QUESTION 19
Question: A broken white line on the road represents:
Correct answer: lanes of traffic moving in the same direction
Explanation: Broken white lines represent traffic moving in the same direction. Broken white lines between lanes of traffic mean you may cross the lines to pass or change lanes, if it is safe to do so.

QUESTION 20
Question: A broken yellow line alongside a solid yellow line indicates that:
Correct answer: passing is permitted on the side of the broken line, but not on the side of the solid line
Explanation: A broken yellow line alongside a solid yellow line indicates that passing is permitted on the side of the broken line, but not on the side of the solid line.
### QUESTION 21

**Question:** A curb painted with yellow lines indicate that the driver:

**Correct answer:** may stop only long enough to load or unload

**Explanation:** A painted curb means that you must follow special rules to park there. A curb painted with yellow lines mean you may stop only long enough to load to unload.

### QUESTION 22

**Question:** A double solid white line marks the edge of a traffic lane where:

**Correct answer:** travel in the same direction is permitted on both sides of the lane, but crossing the line is prohibited

**Explanation:** A double solid white line marks the edge of a traffic lane where travel in the same direction is permitted on both sides of the lane, but crossing the line is prohibited.

### QUESTION 23

**Question:** A double solid yellow line on a pavement means that:

**Correct answer:** passing is not allowed in either direction

**Explanation:** Double solid yellow lines mark the center of a road and separate traffic traveling in two different directions. Passing is not allowed in either direction. Drivers may not cross the lines unless they are making a left turn.

### QUESTION 24

**Question:** A driver entering a traffic circle or rotary, must yield the right-of-way to:

**Correct answer:** both a) & b)

**Explanation:** A driver entering a traffic circle, sometimes called a rotary, must yield the right-of-way to pedestrians and drivers already in the circle.

### QUESTION 25

**Question:** A driver may pass another vehicle on the right only:

**Correct answer:** when the motor vehicle ahead is making or about to make a left turn

**Explanation:** A driver may pass on the right of another vehicle only when the motor vehicle ahead is making or about to make a left turn. Never pass on a hill or on a bridge.

### QUESTION 26

**Question:** A driver must _______ for a school bus that is stopped with its red lights flashing on the opposite side of the road.

**Correct answer:** come to a complete stop

**Explanation:** Drivers must come to a complete stop, when they encounter a school bus that is stopped with its red lights flashing whether it is on their side of the road or on the opposite side of the road.
QUESTION 27

Question: A driver must yield the right-of-way to other vehicles in all of the following situations, EXCEPT:

Correct answer: when reaching an intersection with a green light

Explanation: When entering a roundabout, a driver must yield the right-of-way to drivers already in the roundabout and obey all traffic signs. The driver must yield the right-of-way to other vehicles when merging and when entering a highway from an alley. A green traffic light allows the driver to go.

QUESTION 28

Question: A driver who wants to enter a highway from a private road:

Correct answer: must stop and yield to the vehicles on the highway

Explanation: Cars entering from a private road or a driveway must stop and yield to cars on a public street or a highway.

QUESTION 29

Question: A flashing red traffic light should be considered as:

Correct answer: a stop sign

Explanation: A flashing red traffic light is the same as a stop sign. You must come to a full stop and then proceed when it is safe to do so.

QUESTION 30

Question: A flashing yellow arrow means:

Correct answer: you may proceed with caution in the direction of the arrow

Explanation: A flashing yellow arrow means you may proceed with caution. Flashing yellow lights are positioned at locations with higher-than-normal hazardous conditions.

QUESTION 31

Question: A flashing yellow light in your driving lane means:

Correct answer: slow down and proceed with caution

Explanation: A flashing yellow light means slow down and proceed with caution. Flashing yellow lights are positioned at locations with higher-than-normal hazardous conditions.

QUESTION 32

Question: A highway work zone can be easily identified by _________ immediately preceding the work zone.

Correct answer: a black-on-orange sign

Explanation: A highway work zone can be easily identified by unique orange warning sign immediately preceding the work zone. The orange signs with messages in black letters are reserved strictly to identify work zones.

| **Question:** A sign with an orange background and black letters indicate:  
**Correct answer:** a construction zone sign  
**Explanation:** Construction signs are used to notify drivers of unusual or potentially dangerous conditions on or near the traveled way. All temporary signs in work zones have an orange background and black letters or symbols. |
QUESTION 39

Question: A single broken yellow line usually marks the centerline of a two-way roadway where:

Correct answer: a vehicle may pass if it is safe

Explanation: A single broken yellow line usually marks the centerline of a two-way roadway where a vehicle may pass if it is safe.

QUESTION 40

Question: A single solid white line across a road at an intersection means that a motorist must ________ for a traffic signal or sign.

Correct answer: stop behind the line

Explanation: A single solid white line across a road at an intersection means that a motorist must stop behind the line for a traffic signal or sign.

QUESTION 41

Question: A solid white line between lanes of traffic means:

Correct answer: you should stay in your lane

Explanation: A solid white line between lanes of traffic means that drivers should stay in their lane. Drivers should not cross the lanes unless a special situation requires them to change lanes.

QUESTION 42

Question: A steady red arrow means:

Correct answer: you must stop and you cannot go in the direction of the arrow

Explanation: A red arrow means you must stop and you cannot go in the direction of the arrow. You may proceed when the red arrow goes off and a green arrow or light goes on.

QUESTION 43

Question: A steady yellow light at an intersection indicates that drivers need:

Correct answer: to stop unless they are already in the intersection

Explanation: A steady yellow light indicates that a red light is about to appear. Stop if you are not already in the intersection.

QUESTION 44

Question: A triangular orange sign on the back of a slow-moving vehicle indicates that:

Correct answer: the vehicle cannot travel faster than 25 mph

Explanation: The triangular sign on the back of a slow-moving vehicle means that the vehicle cannot travel faster than 25 mph. Do not get impatient if behind one of these vehicles. The driver will usually try to pull over to the side whenever possible to prevent traffic back-ups.
QUESTION 45

Question: A two-headed arrow with one head pointing straight ahead and the other pointing to the left means:

Correct answer: you may either proceed straight ahead or turn to the left

Explanation: A two-headed arrow with one head pointing straight ahead and the other pointing to the left means that you may either proceed straight ahead or turn to the left.

QUESTION 46

Question: A vehicle's stopping distance is equal to:

Correct answer: the sum of the braking distance and reaction distance

Explanation: Your stopping distance equals your reaction distance plus your braking distance. If you are driving fast, are very tired, or if your vehicle has bad brakes, you will require a greater distance to stop your vehicle.

QUESTION 47

Question: A yellow-flashing light used mostly on tow trucks and slow-moving vehicles requires other drivers to:

Correct answer: slow down their vehicles

Explanation: The yellow-flashing light is used mostly on tow trucks and slow-moving vehicles. These lights warn you to slow down.

QUESTION 48

Question: A yield sign indicates that a driver must slow down when approaching an intersection and ________ if a vehicle or pedestrian with the right-of-way is approaching from another direction.

Correct answer: be prepared to come to a complete stop

Explanation: A yield sign indicates that a driver must slow down when approaching an intersection and be prepared to come to a complete stop if a vehicle or pedestrian with the right-of-way is approaching from another direction. If you are approaching a yield sign, a vehicle approaching from another direction with the right-of-way should not have to brake to avoid a collision with you.

QUESTION 49

Question: All of the following are tips to remember when you travel through a work zone except:

Correct answer: increase your speed

Explanation: When you travel through a work zone, remember these four tips: 1. Reduce your speed. 2. Adjust your lane position away from workers. 3. Prepare for the unexpected 4. Watch for speed limit signs. Fines are increased in most work zones.
QUESTION 50

Question: All work zone symbols or signs have
Correct answer: an orange background and black letters
Explanation: All temporary signs in work zones have an orange background and black letters or symbols. These signs can be found on either side of the road and tell you what and how soon you will encounter a work zone.

QUESTION 51

Question: Among the following parking types, _______ is commonly used in parking lots, shopping centers, and wide streets.
Correct answer: angle parking
Explanation: This type of parking is common in parking lots, shopping centers, and wide streets. A courteous driver never parks too close to other vehicles. Parking too close could result in damage to your vehicle.

QUESTION 52

Question: An _______ is the connection of a freeway to a road or another freeway by a series of ramps.
Correct answer: interchange
Explanation: An interchange is the connection of a freeway to a road or another freeway by a series of ramps. The connecting roadways allow you to leave one road and enter another safely, without disrupting the flow of traffic.

QUESTION 53

Question: As you approach and enter the acceleration lane, ______ to match that of vehicles in the through lanes.
Correct answer: increase your speed
Explanation: The key to entering a freeway smoothly is to accelerate on the entrance ramp/lane to match the speed of freeway traffic in the right lane. Then signal, check the traffic around you, and merge carefully.

QUESTION 54

Question: At an intersection where there is no stop sign or traffic signal, drivers should yield to:
Correct answer: vehicles coming from the right
Explanation: When approaching at an intersection where there is no stop sign or traffic signal, drivers should yield to vehicles coming from the right. Drivers should always be prepared to yield to avoid an accident.
QUESTION 55

Question: At an unmarked crosswalk, drivers are required to:
Correct answer: yield the right-of-way to the pedestrians
Explanation: Drivers are required to yield the right-of-way to the pedestrians within any crosswalk, whether marked or unmarked.

QUESTION 56

Question: At intersections, before turning right, you should make sure that there is no traffic approaching:
Correct answer: from your left and no oncoming traffic turning left into your path
Explanation: Do not begin your turn without checking for pedestrians crossing where you will be turning. At intersections, before turning right, make sure that there is no traffic approaching from your left and no oncoming traffic turning left into your path.

QUESTION 57

Question: At rail crossings which have the standard, octagonal, red-and-white stop sign, drivers must stop and proceed only when:
Correct answer: they determine no train is approaching
Explanation: At crossings marked with automatic flasher units or automatic crossing gates, drivers must stop if the lights are flashing or the gates are lowered, and remain stopped until the lights stop flashing and the gates are raised. At crossings, which have the standard octagonal red and white stop sign, drivers must stop and proceed only when they determine no train is approaching.

QUESTION 58

Question: At the end of most entry ramps on a freeway, you will find _________ that allows you to increase your speed.
Correct answer: an acceleration lane
Explanation: At the end of most entry ramps, you will find an acceleration lane that allows you to increase your speed in freeways.

QUESTION 59

Question: Backing up is not allowed on freeways or expressways, except:
Correct answer: by drivers of emergency vehicles
Explanation: Backing up is not allowed on freeways or expressways, except by drivers of emergency vehicles in the course of duty. Backing up on public roads is an unsafe practice.
QUESTION 60

Question: Because of their size trucks/buses often need to move ________ to make right turns.
Correct answer: to the left lane
Explanation: Because of their size, trucks and buses often need to move to the left lane to make right turns. Cutting in between the truck and curb increases the possibility of a collision.

QUESTION 61

Question: Before backing your vehicle, you should look to the front, sides and rear, and continue to look ________ while backing.
Correct answer: to the rear
Explanation: Before backing your vehicle, you should look to the front, sides and rear, and continue to look to the rear while backing.

QUESTION 62

Question: Before changing lanes, drivers should:
Correct answer: check mirrors and look over shoulder toward the rear
Explanation: Before changing lanes, the driver should check the mirrors and look over the shoulder towards the rear to check the blind spot.

QUESTION 63

Question: Before pulling out from a right-side parallel parking space, you must:
Correct answer: check for approaching traffic and give a left-turn signal
Explanation: Before pulling out from a parallel parking space, check for approaching traffic and give a left-turn signal, unless you are parked on the left side of a one-way street.

QUESTION 64

Question: Before reaching the crest of a hill or entering a curve, you must ________ and watch for oncoming vehicles.
Correct answer: slow down, move to the right side of the road
Explanation: Hills and curves on rural roads are often steeper and sharper than on highways. Before reaching the crest of a hill or before entering a curve, slow down, move to the right side of the road and watch for oncoming vehicles.

QUESTION 65

Question: Being constantly aware of the driving conditions, planning ahead, anticipating dangers, and taking the right actions so as to avoid obstacles or other vehicles is known as
Correct answer: defensive driving
Explanation: Being constantly aware of the driving conditions, planning ahead, anticipating dangers, and taking the right actions to avoid obstacles or other vehicles is known as defensive driving.
QUESTION 66

Question: Black on orange signs on a highway identify:
Correct answer: specific information and directions to drivers in work zones
Explanation: Black on orange signs on a highway provide specific information and directions to drivers in work zones.

QUESTION 67

Question: Blind pedestrians may carry ________ canes or use the assistance of guide dogs.
Correct answer: white
Explanation: Blind pedestrians may carry white canes or use the assistance of guide dogs.

QUESTION 68

Question: Car drivers should never share the same lane with a motorcycle, even if the lane is wide and the cyclist is riding to one side, because:
Correct answer: the motorcyclist may change speed or direction quickly
Explanation: Motorcyclists need a full lane width like other vehicles. Car drivers should never move into the same lane with a motorcycle, even if the lane is wide and the cyclist is riding to one side.

QUESTION 69

Question: Diabetic drivers who take_______ should not drive vehicles when there is any chance of going into shock.
Correct answer: insulin
Explanation: Diabetics who take insulin should not drive when there is any chance of going into shock. This situation could result from skipping a meal or a snack.

QUESTION 70

Question: Disabled persons who display their placard can park at a ________ painted curb.
Correct answer: blue
Explanation: Painted curbs indicate special parking rules. Blue parking is permitted only for a disabled person who displays a placard or a special license plate for disabled persons or disabled veterans. Disabled people with a placard or special plates may park in special areas for unlimited periods of time, regardless of time restrictions.

QUESTION 71

Question: Do not _______ at crash scenes or at locations along the highway where a law enforcement officer may have a vehicle pulled off the road.
Correct answer: rubberneck
Explanation: Rubbernecking (slowing down the vehicle, being distracted or staring) could cause drivers to become involved in a crash.
QUESTION 72

Question: Do not make a U-turn on a curve or near the top of a hill if you cannot be seen by:
Correct answer: drivers approaching from either direction
Explanation: Do not make a U-turn on a curve or near the top of a hill if you cannot be seen by other drivers approaching from either direction. Do not make a U-turn where signs prohibit doing so.

QUESTION 73

Question: Do not turn or remove ignition key while driving, as it will cause:
Correct answer: the steering wheel to lock
Explanation: If you turn or remove ignition key while driving, the steering wheel will lock and you may lose control of the vehicle.

QUESTION 74

Question: Double solid white lines on the road separate two lanes of traffic:
Correct answer: moving in the same direction
Explanation: Double solid white lines separate two lanes of traffic going in the same direction. They are most commonly seen on interstates. Crossing double solid white lines is prohibited.

QUESTION 75

Question: Double solid yellow lines on the road separate two lanes of traffic:
Correct answer: moving in the opposite direction
Explanation: Double solid yellow lines mark the center of the road and separate oncoming traffic. Passing is not allowed in either direction. Making a left turn is the only lawful crossing allowed over double yellow lines, when turning into or from an alley, private road, or driveway, unless otherwise prohibited by signs.

QUESTION 76

Question: Drivers entering a main road from a driveway, alley or roadside should:
Correct answer: yield to vehicles already on the main road
Explanation: Drivers entering and exiting a road from a driveway, alley or roadside should yield to vehicles already on the main road and bicyclists and pedestrians on the sidewalk, shared use path or bike lanes.

QUESTION 77

Question: Drivers must be cautious if it starts to rain on a hot day, because pavement can be very slippery for the first few minutes due to:
Correct answer: oil in the asphalt
QUESTION 77
Explanation: Heat causes oil in the asphalt to come to the surface. It makes the road more slippery until the oil is washed off.

QUESTION 78
Question: Drivers must maintain a constant speed when passing and reentering the lane in front of trucks or buses, since trucks/buses require:
Correct answer: longer distances to slow down than cars
Explanation: Because of their size, trucks and buses always need greater distances to slow down. Other drivers must maintain a constant speed when passing or reentering the lane in front of trucks or buses.

QUESTION 79
Question: Drivers must maintain windshield wipers in good operating condition because:
Correct answer: they keep the rain and snow off the windshield
Explanation: Windshield wipers keep the rain and snow off the windshield. They should be in good operating condition.

QUESTION 80
Question: Drivers must use bright lights only when driving:
Correct answer: at night, in the open country without other cars nearby
Explanation: Use bright lights only when driving in the open country without other cars nearby. Even with the high-beams, speed must be lower than in the day.

QUESTION 81
Question: Drivers must use the left lane on a highway for:
Correct answer: passing
Explanation: The left lane on a highway is used for passing. If a vehicle wants to pass you, you must move safely to the right. Do not increase your speed until the other vehicle has passed you.

QUESTION 82
Question: Drivers on an express highway should avoid 'highway hypnosis' by:
Correct answer: keep shifting eyes from one area of the roadway to another
Explanation: Expressway driving may cause highway hypnosis, a condition of drowsiness or unawareness induced by monotony, the sound of the wind, the tires on the pavement and the steady hum of the engine. Drivers should try to avoid the condition by shifting their eyes from one area of the roadway to another and focus them upon various objects near and far, left and right.
### QUESTION 83

**Question:** Drivers operating vehicles on a divided highway must _______, unless directed to do otherwise by a sign, traffic control device, or police officer.

**Correct answer:** drive to the right of the median

**Explanation:** Drivers operating vehicles on a divided expressway must drive to the right of the median unless directed to do otherwise by a sign, traffic control device, or police officer.

### QUESTION 84

**Question:** Flag persons are often located in highways and work zones:

**Correct answer:** to stop, slow or guide traffic safely through construction areas

**Explanation:** Flag persons are often provided in highways and street work zones to stop, slow or guide traffic safely through the areas. Flag persons wear orange vests, shirts or jackets and use red flags or stop/slow paddles to direct traffic through work zones.

### QUESTION 85

**Question:** Flashing arrow panels may be used in work zones to:

**Correct answer:** guide drivers into the correct lane

**Explanation:** Flashing arrow panels may be used in work zones to guide drivers into a correct traffic lane.

### QUESTION 86

**Question:** Following too closely behind a vehicle is also known as:

**Correct answer:** tailgating

**Explanation:** A motorist should always keep a safe distance from other vehicles on the road so that he/she has plenty of time to react to emergencies. Tailgating refers to following too closely behind a vehicle.

### QUESTION 87

**Question:** For interstate driving, slow-moving vehicles must travel _______, except when passing.

**Correct answer:** in the right-hand lane

**Explanation:** For interstate driving, slow-moving vehicles must travel in the right-hand lane, except when passing.

### QUESTION 88

**Question:** Head rests should be adjusted so that head restraint contacts the back of the head.

**Correct answer:** neck injuries if you are hit from behind

**Explanation:** Head rests should be adjusted so that head restraint contacts the back of the head when there is an accident.
QUESTION 89

Question: High Occupancy Vehicles (HOV) lanes are reserved for:
Correct answer: car pools and vehicles with more than one person
Explanation: High Occupancy Vehicles (HOV) lanes are reserved for car pools and vehicles with more than one person in them. Signs indicate how many people must be in the vehicle, as well as the days and hours to which it applies.

QUESTION 90

Question: If a bicycle on your right reaches the intersection at the same time as you do, you should:
Correct answer: yield to the bicycle
Explanation: At intersections without a STOP or YIELD sigs, slow down and be ready to stop. Yield to the vehicle or bicycle which arrives first, or to the vehicle or bicycle on your right if it reaches the intersection at the same time as you do.

QUESTION 91

Question: If a blind pedestrian is waiting at a crosswalk with a white cane or a guide dog, you must:
Correct answer: not use your horn or rev your engine
Explanation: When a blind pedestrian is waiting at a crosswalk, do not use your horn or rev your engine, as this may distract the pedestrian or guide dog.

QUESTION 92

Question: If a car approaches you with bright headlights, you must________, to prevent being temporarily blinded.
Correct answer: look toward the right edge of the road
Explanation: If a car approaches you with bright lights on, do not stare at the lights. Steer by the line at the outside edge of the road to prevent being temporarily blinded.

QUESTION 93

Question: If a driver behind you is following too closely, you must:
Correct answer: move to the right lane and reduce your speed
Explanation: If the driver behind you is following too closely, you must move to the right lane and reduce your speed. Encourage the tailgater to pass your vehicle.

QUESTION 94

Question: If a driver behind you repeatedly flashes his/her headlights, you should:
Correct answer: get out of the way
### QUESTION 94
**Explanation:**
Aggressive driving is the operation of a motor vehicle in a manner that endangers or is likely to endanger persons or property. If you notice a driver behind you repeatedly flashing headlights, you should not retaliate or in any way engage the other driver. Get out of the way.

### QUESTION 95
**Question:**
If a driver extends his/her left arm horizontally out of a open window while driving on a road, this indicates that the driver is going to:

**Correct answer:**
make a left turn

**Explanation:**
If a driver extends his/her left arm horizontally out of a open window while driving on a road means the driver is going to make a left turn.

### QUESTION 96
**Question:**
If a pedestrian is in a marked or unmarked crosswalk, you must:

**Correct answer:**
stop and wait until the pedestrian has passed

**Explanation:**
Yield the right-of-way to pedestrians crossing at intersections and crosswalks. When a pedestrian is in a marked or unmarked crosswalk, you are required to stop and wait until the pedestrian has passed your lane.

### QUESTION 97
**Question:**
If a railroad grade crossing has no warning devices or only a cross buck sign, you should:

**Correct answer:**
slow down and then proceed with caution

**Explanation:**
If a railroad grade crossing has no warning devices or only a cross buck sign, slow down and look and listen for a train before proceeding. You must yield the right-of-way to any approaching train.

### QUESTION 98
**Question:**
If a tire suddenly goes flat while driving, you must:

**Correct answer:**
hold the steering wheel tightly and keep the vehicle straight

**Explanation:**
When a tire suddenly goes flat, you must hold the steering wheel tightly and keep the vehicle going straight slow down gradually. Take your foot off the gas pedal and use the brakes lightly.

### QUESTION 99
**Question:**
If a vehicle stalls on the tracks and the motorist sees a train coming, the motorist must:

**Correct answer:**
get out and walk clear of tracks

**Explanation:**
If a vehicle stalls on the tracks, and the motorist sees a train coming, the motorist should get out and walk clear of the tracks. Never try to race a train. Most trains need more than a mile to stop, if traveling at 60 mph or more.
QUESTION 100
Question: If an approaching vehicle has its turn signal on, you must ______ and then start your turn if it is safe.
Correct answer: wait until the other driver actually starts to turn
Explanation: You must understand the other driver’s intention, wait until the other driver actually starts to turn, and then start your turn.

QUESTION 101
Question: If an emergency vehicle approaches while you are driving in a roundabout, you must:
Correct answer: continue to your exit, pull over, and let the emergency vehicle pass
Explanation: If an emergency vehicle approaches while you are driving in a roundabout, you should continue to your exit, then pull over and allow emergency vehicle to pass. Avoid stopping in the roundabout.

QUESTION 102
Question: If an emergency vehicle is approaching you with a siren and flashing lights on, you are required to:
Correct answer: pull over to the right edge of the road
Explanation: If an emergency vehicle is approaching you with a siren and flashing lights on, you are required to pull over to the right edge of the road and stop until the emergency vehicle has passed.

QUESTION 103
Question: If an emergency vehicle is moving in your lane displaying red flashing lights or using a siren, you are required to:
Correct answer: pull over to the curb and stop
Explanation: Authorized emergency vehicles, such as police cars, ambulances and fire engines, have the right-of-way when they use a signal, either audible (siren) or visual (flashing light). When you hear or see a vehicle approach, you should immediately drive to the curb, stop, and remain stopped until the emergency vehicle has passed.

QUESTION 104
Question: If another driver is passing your vehicle, you must:
Correct answer: stay in the lane and do not increase your speed
Explanation: When another driver is passing, you must stay in the lane and do not increase your speed. Allow the driver to pass safely.
QUESTION 105

Question: If another vehicle is passing you on the left-hand side of the road, allow the other vehicle to pass safely, and:
Correct answer: do not increase your speed
Explanation: If another vehicle is passing you on the left-hand side of the road, allow the other vehicle to pass safely, and do not increase your speed.

QUESTION 106

Question: If drivers approaching from opposite directions reach a stop sign at about the same time, and they are at right angles to one another, then:
Correct answer: the driver on the left must yield to the driver on the right
Explanation: If drivers approaching from opposite directions reach an intersection at about the same time, and they are at right angles to one another, the driver on the left must yield to the driver on the right.

QUESTION 107

Question: If someone is following you too closely, you must:
Correct answer: slow down and encourage the driver to pass
Explanation: If someone is following you too closely (tailgating), you must slow down and encourage the driver behind you to pass and avoid being hit from behind.

QUESTION 108

Question: If the braking action has been reduced due to water or rain, apply_________until proper braking action has been restored.
Correct answer: the brakes lightly several times
Explanation: Always test the action of the brakes after driving through water. If the braking action has been reduced, apply the brakes lightly several times until proper braking action has been restored.

QUESTION 109

Question: If the traffic signals at an intersection are not operating , treat the intersection as a(n):
Correct answer: four-way stop
Explanation: If the traffic signal is not operating or is malfunctioning, treat the intersection as a four way stop. The driver must come to a complete stop before moving further.

QUESTION 110

Question: If there are no reduced speed limits posted at work zones, drivers should:
Correct answer: obey the normal posted speed limit
Explanation: Through many work zones, the speed limits may be reduced and lane usage could be restricted for safety purposes. If there are no reduced speed limits posted, drivers should obey the normal posted speed limit.
QUESTION 111

Question: If there are three or more lanes going in one direction, the left lane is used by drivers who want to:

Correct answer: go faster or turn left

Explanation: If there are three or more lanes going in one direction, the left lane is used by drivers who want to go faster, pass or turn left.

QUESTION 112

Question: If there are three or more lanes going in the same direction on a highway, the _________ are usually the smoothest, in terms of the flow of traffic.

Correct answer: middle lanes

Explanation: Smooth driving allows you to keep more distance between yourself and other drivers. It also helps save gas. During ordinary driving, drive in the lane that has the smoothest flow of traffic. If there are three or more lanes going in one direction, the middle lane, or lanes, are usually the smoothest.

QUESTION 113

Question: If there is an emergency vehicle directly behind your vehicle when you are in heavy traffic, you should:

Correct answer: keep moving slowly until you can get out of the way

Explanation: When you hear the warning signal of an emergency vehicle and if the emergency vehicle is directly behind your vehicle when you are in heavy traffic, keep moving slowly until you can get out of the way.

QUESTION 114

Question: If there is another driver tailgating you, you should NOT:

Correct answer: increase your speed

Explanation: If a driver tailgates you, you must reduce your speed to encourage the driver behind you to pass. Move to the right lane of a multi-lane highway. Do not increase your speed to avoid the tailgater.

QUESTION 115

Question: If two vehicles enter an intersection that is not controlled by signs/signals, from different roadways at about the same time, then the vehicle _________ has the right of way.

Correct answer: on the right

Explanation: If two vehicles enter an intersection not controlled by signs or signals, and from different roadways at about the same time, the driver of the vehicle on the left must yield to the vehicle on the right.
QUESTION 116
Question: If you accidentally pass your exit on an expressway, you must:
Correct answer: continue to the next exit
Explanation: When leaving an expressway, if you go past your exit, you must go to the next exit. Backing up on expressways is against the law.

QUESTION 117
Question: If you approach a person walking with a white cane or a white cane tipped with red, you must:
Correct answer: stop
Explanation: If you approach a person walking with a white cane or a white cane tipped with red, you must stop and take whatever action is necessary to prevent injury to that person.

QUESTION 118
Question: If you approach a roundabout, always enter to the _______ of the central island.
Correct answer: right
Explanation: A roundabout is an intersection control device with traffic circulating around an island. Approaching vehicles must yield to the traffic in the circle. Always enter to the right of the central island.

QUESTION 119
Question: If you approach a vehicle displaying a triangular sign that is orange with a red, reflective border on the back side, you must:
Correct answer: slow down and use caution
Explanation: This triangular symbol represents a slow-moving vehicle. This sign is mounted on the rear of a vehicle moving at a speed of 25 mph or less. You must slow down and use caution.

QUESTION 120
Question: If you approach an intersection at which the traffic lights are not working, you must first __________ before entering the intersection and yield the right-of-way.
Correct answer: come to a complete stop
Explanation: If you approach an intersection at which the traffic lights are not working, you must first come to a complete stop before entering the intersection and yield the right-of-way to any vehicle on the right, unless otherwise directed by a peace officer.

QUESTION 121
Question: If you approach an intersection with a yellow light, you must:
Correct answer: slow down and proceed with caution, if a stop cannot be made safely
Explanation: A yellow light tells a driver that a red light is coming next. Slow down and proceed with caution, if a stop cannot be made safely. Clear the intersection. Do not increase the speed.
**QUESTION 122**

**Question:** If you are already in an intersection to turn left and the traffic light has changed to yellow, you should:

**Correct answer:** continue your turn to the left

**Explanation:** A steady yellow light is a warning that the light is about to turn red. If you are already in the intersection, you should continue your turn and clear the intersection safely.

**QUESTION 123**

**Question:** If you are approaching a stop sign, you must:

**Correct answer:** stop at the solid white stop line

**Explanation:** If you are approaching a stop sign, you must stop at the solid white stop line or parallel to the stop sign. If there is no stop line, you should stop before entering the crosswalk on your side of the intersection.

**QUESTION 124**

**Question:** If you are being followed too closely (tailgated), you must:

**Correct answer:** slow down and encourage the driver behind you to pass

**Explanation:** If you are being tailgated, you must slow down your vehicle and encourage the driver behind you to pass. If this fails, pull over, stop and let the tailgater pass.

**QUESTION 125**

**Question:** If you are changing lanes, preparing to pass another vehicle, or entering traffic, signal and check for passing traffic by first using your mirrors and then:

**Correct answer:** by checking your vehicle's blind spots

**Explanation:** If you are changing lanes, preparing to pass another vehicle, or entering traffic, signal and check for passing traffic by first using your mirrors. Once the mirrors reveal safe conditions for the lane change, check your vehicle's blind spot by glancing over your shoulder to the rear in the direction of the lane change.

**QUESTION 126**

**Question:** If you are driving at a slower speed than other traffic on a highway or freeway, stay in the lane:

**Correct answer:** nearest to the right side of the road

**Explanation:** Maintain the same approximate speed as surrounding vehicles, when possible, but never exceed the posted speed limits. If you are driving at a slower speed than other traffic, stay in the lane nearest to the right side of the road.
QUESTION 127

Question: If you are driving downhill and the downgrade is very steep, you must:
Correct answer: shift to a lower gear
Explanation: When you are driving downhill, and the downgrade is very steep, you must shift to a lower gear carefully. You will save wear on the brakes because the engine will act as a braking force.

QUESTION 128

Question: If you are driving faster than other traffic on a freeway, you must use:
Correct answer: the middle or left-hand lane
Explanation: If you are driving faster than other traffic on a freeway, you must use the middle or left-hand lane for driving.

QUESTION 129

Question: If you are driving on a highway in heavy rain, you must slow down your vehicle to avoid:
Correct answer: hydroplaning
Explanation: Hydroplaning may occur during rainstorms. This is a condition where the tires ride on a thin film of water instead of the road. To prevent hydroplaning, drivers must slow down in heavy rains.

QUESTION 130

Question: If you are driving on a road with three or more lanes, you must stay _______, except when passing another vehicle.
Correct answer: in the extreme right lane
Explanation: If you are driving on a road with three or more lanes, stay in the extreme right lane, except when passing another vehicle.

QUESTION 131

Question: If you are driving on a two-lane road, it is safest to drive your vehicle in the _______ of the lane.
Correct answer: center
Explanation: It is safest to drive in the center of your lane. Keep as much space as you can between your vehicle and oncoming vehicles.
QUESTION 132

Question: If you are going to stop or slow down at a place where another driver does not expect it, you must _________ to let those behind you know your intentions.

Correct answer: tap your brake pedal three or four times quickly

Explanation: Your brake lights let people know that you are slowing down. If you are going to stop or slow down at a place where another driver does not expect it, tap your brake pedal three or four times quickly to let those behind you know you are about to slow down.

QUESTION 133

Question: If you are having vehicle trouble, and need to stop, first step you should do is:

Correct answer: pull off the road and away from traffic

Explanation: If your vehicle breaks down on the road, make sure that other drivers can see it. If you are having vehicle trouble, and need to stop, follow these rules: Pull off the road away from all traffic, if possible. Turn on your emergency flashers. Lift the hood to signal the emergency and place emergency flares or triangles.

QUESTION 134

Question: If you are in an intersection and hear the siren of an emergency vehicle, you should:

Correct answer: continue through the intersection, then drive to the right and stop

Explanation: If you are in an intersection and see an emergency vehicle, continue through the intersection and then drive to the right as soon as you can and stop.

QUESTION 135

Question: If you are making a left turn, you must begin:

Correct answer: in the leftmost lane

Explanation: If you are making a left turn, you must begin in the leftmost lane.

QUESTION 136

Question: If you are on a single or two-lane road and come to an intersection with a divided highway or a roadway with three or more lanes, you must

Correct answer: yield the right-of-way to other traffic

Explanation: When you are on a single or two-lane road and come to an intersection with a divided highway or a roadway with three or more lanes, you must yield the right-of-way to the traffic.
QUESTION 137

Question: If you are one of the first persons to come upon the scene of a collision, the first thing you should do is:

Correct answer: turn off the ignition of vehicles involved in the crash

Explanation: If you are one of the first persons to come upon the scene of a collision, the first thing you should do is pull your vehicle off the road. Next, turn off the ignition of vehicles involved in the crash. Do not move injured persons unless there is a danger of fire. Notify emergency officials and do not stand in traffic lanes. Ask others who have stopped to warn the approaching traffic.

QUESTION 138

Question: If you are overtaking a bicycle and an oncoming vehicle is approaching, you must:

Correct answer: slow down and let the vehicle pass first

Explanation: When possible, take potential hazards one at a time. If you are overtaking a bicycle and an oncoming vehicle is approaching, slow down and let the vehicle pass first so that you can give extra room to the bicycle.

QUESTION 139

Question: If you are overtaking, you must pass on the left at a safe distance and do not ______ until the way is clear from the overtaken vehicle.

Correct answer: return to the lane

Explanation: When you are overtaking, you must pass on the left at a safe distance. Do not return to the lane you started from, until you are certain you have overtaken the vehicle. Signal right turn to return to the original lane.

QUESTION 140

Question: If you are parked parallel on the right-hand side of the street, you should ______ before pulling out into traffic.

Correct answer: give a left turn signal and look over your left shoulder

Explanation: When you parallel park on the right-hand side of the street, you must give a left turn signal and look over your left shoulder before pulling out into traffic. If you are parked parallel on the left-hand side of a one-way street, give a right turn signal and look over your right shoulder before moving into traffic.

QUESTION 141

Question: If you are preparing for a right turn behind a bicyclist, misjudgment can result in a broadside crash called a:

Correct answer: right hook

Explanation: If you are preparing for a right turn and bicyclist is ahead of you, do not assume that you can beat the bicycle to the turn. Misjudgement can result in a broadside crash called the "right hook."
## QUESTION 142

**Question:** If you are signalled by a flag person at/near a railroad crossing or construction site, you must:

**Correct answer:** follow signals, no matter which lane you are in

**Explanation:** If you are signalled by a flag person at/near railroad crossings or construction sites, you must always obey his/her signals no matter which lane you are in.

## QUESTION 143

**Question:** If you are stopped at a traffic light and another vehicle is approaching you from behind at a high speed, you should:

**Correct answer:** pull your vehicle forward

**Explanation:** If you are stopped at an intersection or stop sign and another vehicle is approaching you from behind at a high speed, you should pull your vehicle forward in an effort to give the approaching vehicle more room to stop.

## QUESTION 144

**Question:** If you double your speed on a highway, your braking distance increases by

**Correct answer:** four times

**Explanation:** If you double your speed, your braking distance does not become twice as long, but becomes four times as far.

## QUESTION 145

**Question:** If you find a "speed zone ahead" sign, you are approaching:

**Correct answer:** an area where a reduced speed limit has been established

**Explanation:** This is a regulatory sign. When you see this sign, you are entering an area where a reduced speed limit has been established.

## QUESTION 146

**Question:** If you find a steady yellow signal at an intersection, you must:

**Correct answer:** enter the intersection cautiously

**Explanation:** A steady yellow signal means 'caution'. You must enter the intersection cautiously because it is about to turn red. Do not enter an intersection against a steady yellow light, unless you are too close to stop safely.

## QUESTION 147

**Question:** If you find yourself feeling sleepy while driving, it is better to:

**Correct answer:** pull over and take a nap

**Explanation:** If you find yourself becoming sleepy while driving, it is better to pull over and take some rest.
### QUESTION 148

**Question:** If you find yourself in a skid while driving, you must:

**Correct answer:** ease your foot off the gas and carefully steer in the direction you want the front of the car to go

**Explanation:** You can prevent skids by driving slowly and carefully, especially on curves. If you find yourself in a skid, remain calm, ease your foot off the gas and carefully steer in the direction you want the front of the car to go. For cars without anti-lock brakes, avoid using your brakes. This procedure, known as “steering into the skid,” will bring the back end of your car in line with the front.

### QUESTION 149

**Question:** If you have already started through an intersection when the signal light changes, you must:

**Correct answer:** follow through and proceed to clear the intersection

**Explanation:** If you have already started through an intersection when the signal light changes, you must follow through and clear the intersection. If you have started to make a turn, follow through. Changes at the last second can cause collisions.

### QUESTION 150

**Question:** If you have vehicle troubles at night, you must use_______ to avoid an accident.

**Correct answer:** all four flashing turn signals simultaneously

**Explanation:** If you have vehicle troubles, be especially cautious at night. There is a danger of being hit from the rear. So, you must use all four flashing turn signals simultaneously.

### QUESTION 151

**Question:** If you miss your turn at one point, you must ________ and work your way back to where you want to go.

**Correct answer:** continue to the next intersection

**Explanation:** If you miss your turn at one point, you must go on to the next intersection and work your way back to where you want to go.

### QUESTION 152

**Question:** If you must park on a roadway, park your vehicle:

**Correct answer:** as far away from traffic as possible

**Explanation:** Always park in a designated area if possible. If you must park on a roadway, park your vehicle as far away from traffic as possible. If there is a curb, park as close to it as you can.
QUESTION 153

Question: If you plan to turn beyond an intersection, you must:
Correct answer: signal just after you pass through the intersection
Explanation: If you plan to turn beyond an intersection, signal just after you pass through the intersection. If you signal earlier, another driver may think you are turning at the intersection.

QUESTION 154

Question: If you see ________ in your driving lane, you are permitted to pass when it is safe.
Correct answer: a dashed white line
Explanation: If you see white dashed lines in your driving lane, traffic moves in the same direction on each side of the white dashes. Passing is permitted when it's safe.

QUESTION 155

Question: If you see a blind pedestrian, who is crossing with a guide dog or white cane with a red tip, you should:
Correct answer: stop at least 10 feet away from the pedestrian
Explanation: If you see anyone in the roadway with a guide dog or a white cane, stop at least ten feet away, until the person is off the roadway. Do not use your horn, as it could startle the blind pedestrian.

QUESTION 156

Question: If you see a pedestrian using a guide dog or other service animal and/or carrying a white cane at an intersection, you must:
Correct answer: stop your vehicle
Explanation: If you have stopped for a pedestrian using a guide dog or other service animal and/or carrying a white cane at an intersection, you must not use your horn, as it could confuse or frighten the pedestrian or the service animal. You must stop and give right-of-way to the pedestrian.

QUESTION 157

Question: If you see a solid white line between lanes of traffic, you must:
Correct answer: stay in your lane
Explanation: If you see a solid white line between lanes of traffic means that you should stay in your lane, unless a special situation requires you to change lanes.

QUESTION 158

Question: If you see a yield sign in your driving lane, you must:
Correct answer: slow down and stop your vehicle if necessary
Explanation: If you see a yield sign in your driving lane, you must slow down and stop your vehicle if necessary.
**QUESTION 159**

**Question:** If you see double solid center yellow lines on your way, this means:

**Correct answer:** no passing is permitted

**Explanation:** When you see solid yellow lines in the center of the road, this means no passing is allowed in either lane.

---

**QUESTION 160**

**Question:** If you skid while hydroplaning, you should:

**Correct answer:** release the accelerator

**Explanation:** When driving in rain, avoid hydroplaning by slowing down. If you skid while hydroplaning, try to regain control of the vehicle. Otherwise, release the accelerator and ride out the skid.

---

**QUESTION 161**

**Question:** If you spot a slow-moving vehicle in your driving lane, you must:

**Correct answer:** adjust your speed and slow down safely

**Explanation:** When you spot a slow-moving vehicle in your driving lane, you must adjust your speed and slow down safely. If you have time, you should change your lane.

---

**QUESTION 162**

**Question:** If you suddenly have no control of the steering wheel, you should:

**Correct answer:** ease your foot off the gas pedal

**Explanation:** If you suddenly have no control of the steering wheel, ease your foot off the gas pedal. Turn on your emergency flashers and allow your vehicle to come to a slow stop. Brake very gently to prevent your vehicle from spinning.

---

**QUESTION 163**

**Question:** If you turn from a high speed, two-lane roadway, you must ______ if you have traffic following you.

**Correct answer:** try not to slow down too early

**Explanation:** When you turn from a high speed, two-lane roadway, you must try not to slow down too early if you have traffic following you. Slowing suddenly can cause a traffic accident.

---

**QUESTION 164**

**Question:** If you want to cross several lanes in a multi-lane highway:

**Correct answer:** take them one at a time

**Explanation:** If you want to cross several lanes, take them one at a time to avoid any accidents.
QUESTION 165

Question: If you wish to enter an express highway or freeway, you must ________ before merging with the traffic.
Correct answer: move to the acceleration lane
Explanation: When you wish to enter an expressway or freeway you must move to the acceleration lane before merging with the traffic on the freeway.

QUESTION 166

Question: If your brakes fail while driving, which of the following must be done FIRST?
Correct answer: Pump the brakes several times
Explanation: If your brakes stop working, pump the brake pedal several times. This will often build up enough brake pressure to allow you to stop. If that does not work, use the parking brake.

QUESTION 167

Question: If your engine dies as you pull around a corner, the best thing you should do is
Correct answer: steer to the right side of the road and stop
Explanation: If your engine dies as you pull around a corner, the best thing to do is pull on the wheel with both the hands and steer to the right side of the road. Stop the car, pushing the brakes extra hard if your vehicle has power brakes. Shift to neutral and try to restart the engine.

QUESTION 168

Question: If your parked car rolls away and hits another vehicle, you should:
Correct answer: report the incident to the city police
Explanation: If you hit a parked vehicle or other property, leave a note with your name, phone number, and address inside or securely attach it to the vehicle or property you hit. Report the collision to the city police or, in unincorporated areas, to the CHP.

QUESTION 169

Question: If your rear wheels start to skid, you must:
Correct answer: turn the steering wheel in the direction of the skid
Explanation: If your rear wheels start to skid, turn the steering wheel in the direction the vehicle is trying to go. If your rear wheels are sliding left, steer left. If they are sliding right, steer right.

QUESTION 170

Question: If your vehicle is hit from the side, your body will be thrown:
Correct answer: toward the side that is hit
Explanation: If your vehicle is hit from the side, your body will be thrown toward the side that is hit.
QUESTION 171

Question: If your vehicle's directional signals fail, use _________ until you can have them repaired.
Correct answer: hand signals
Explanation: Directional signals enable you to communicate with other drivers. It is important to ensure that they operate correctly at all times. Any change in the dash light indication reflects improper operation. If the directional signals fail, use hand signals until you can have them repaired.

QUESTION 172

Question: If your vehicle's wheels drift onto the shoulder of the road, you must:
Correct answer: not try to turn back onto the pavement straight away
Explanation: If your vehicle wheels drift onto the shoulder of the road, do not try to turn back onto the pavement right away. This might throw the vehicle off balance. You must try to slow down, regain control, and turn slowly onto the road.

QUESTION 173

Question: In a heavy rain, your tires can ride on a film of water and lose contact with the road. This hazard is known as:
Correct answer: hydroplaning
Explanation: Hydroplaning may occur during rainstorms. In a heavy rain, your tires can ride on a film of water, and at 50 mph, your tires can lose all contact with the road. Provide for a larger space cushion around you and go slowly.

QUESTION 174

Question: In a roundabout intersection, drivers must _________, whether they need to make a right turn, a left turn, a U-turn or continue forward.
Correct answer: turn right and merge into the circle
Explanation: A roundabout is a one-way circular intersection where you must always turn right to make any type of turn. In a roundabout intersection, all drivers must yield the right-of-way to vehicles that are already in the circle.

QUESTION 175

Question: In a roundabout, a driver must drive in:
Correct answer: a counter-clockwise direction
Explanation: A roundabout is an intersection where traffic travels around the central island in a counter-clockwise direction.
### QUESTION 176

**Question:** In a standard passenger car, partial hydroplaning can begin at speeds as low as:

**Correct answer:** 35 mph

**Explanation:** Hydroplaning occurs when there is standing water on a roadway. Beginning at speeds of 35 mph, most tires will channel water away from the tire similar to the way a windshield wiper cleans the windshield. As your speed increases, tires cannot channel the water as well, and your tires may start to lose contact with the road and ride over the water like a set of water skis. In a standard passenger car, partial hydroplaning can begin at speeds as low as 35 mph.

### QUESTION 177

**Question:** In order to avoid last minute braking or the need to turn, you should:

**Correct answer:** look 10 seconds ahead on the road

**Explanation:** In order to avoid last minute braking or the need to turn, you should look well down the road to drive safely. Looking well down the road will help you to stop or change lanes if needed, you can drive more safely, save on fuel, and also help you to steer straighter with less weaving. Safer drivers tend to look at least 10 seconds ahead of their vehicle.

### QUESTION 178

**Question:** It is against the law to make a left turn on red light EXCEPT:

**Correct answer:** from one one-way street to another

**Explanation:** It is against the law to make a left turn on red except from one, one-way street to another. When making such a turn, you must come to a complete stop and allow all crossing traffic and all pedestrians to clear the intersection before you proceed.

### QUESTION 179

**Question:** Lanes of traffic going in opposite directions are divided by:

**Correct answer:** yellow lane dividers

**Explanation:** Lanes of traffic going in opposite directions are divided with yellow lane dividers. When yellow lane dividers are present, drivers are not allowed to cross those lines.

### QUESTION 180

**Question:** Large electronic flashing arrow panels may be used in work zones day and night to:

**Correct answer:** guide drivers into certain traffic lanes

**Explanation:** Large electronic flashing arrow panels may be used in work zones day and night to guide drivers into certain traffic lanes. These are placed in the roadway or mounted on vehicles to advise approaching motorists of lane closures. Begin your merge well in advance of the sign.
QUESTION 181

Question: Locked wheel skids are usually caused by:
Correct answer: braking too hard at a high speed
Explanation: This type of skid is usually caused by braking too hard at a high speed and locking the wheels. The vehicle will skid no matter which way the steering wheel is turned. Take your foot off the brake to unlock the wheels. Then straighten the front wheels as the vehicle begins to straighten out. Slow the vehicle gradually until you are at a safe speed to continue driving.

QUESTION 182

Question: Motorists entering a highway from the entrance ramp must yield the right-of-way to:
Correct answer: oncoming traffic on the highway
Explanation: Motorists entering a highway from the entrance ramp must yield the right-of-way to oncoming traffic on the highway.

QUESTION 183

Question: On a four-lane divided roadway or a one-way road, a solid yellow line usually marks:
Correct answer: the left edge of the pavement
Explanation: On a four-lane divided roadway or a one-way road, a solid yellow line usually marks the left edge of the pavement.

QUESTION 184

Question: On a multiple-lane roadway with several lanes in one direction, you must use_________ for passing.
Correct answer: the middle and left lanes
Explanation: On a multiple-lane roadway with several lanes in one direction, you must use the middle and left lanes for passing.

QUESTION 185

Question: On a road with three or more lanes traveling in the same direction, stay in the_________ lane, except to pass.
Correct answer: right
Explanation: On a road with three or more lanes traveling in the same direction, stay in the right lane, except to pass. If there is a lot of traffic entering the roadway, then use the center travel lane.
QUESTION 186

Question: On a road with three or more lanes traveling in the same direction, the left-most lane is intended to be used:

Correct answer: to pass slower vehicles

Explanation: On multi-lane roads, the left-most lane is to be used to pass slower vehicles. If you pass on the right, the other driver may have difficulty seeing you and might suddenly change lanes in front of you.

QUESTION 187

Question: On a three-lane highway, a driver towing a trailer keeps to the right while driving because:

Correct answer: it is a slow-moving vehicle

Explanation: If you are travelling on a highway with three lanes, treat the far right lane as a slower speed through lane, and the far left lane as a passing lane. Slow moving vehicles should always use far right lane.

QUESTION 188

Question: On a two-way roadway with a center lane, drivers from either direction can make _______ on the center lane.

Correct answer: left turns

Explanation: Drivers from either direction may use the center lane for left turns.

QUESTION 189

Question: On one-way roads, yellow lines are used as:

Correct answer: left-edge lines

Explanation: Yellow lines are also used as left-edge lines on one-way roadways.

QUESTION 190

Question: On some roadways, some lanes reserved as 'Transit' are used for:

Correct answer: buses only

Explanation: On various roadways, one or more lanes may be reserved for special vehicles. Reserved lanes are marked by signs stating that the lane is reserved for special use. 'Transit' or 'bus' means the lane is for bus use only.

QUESTION 191

Question: On two-lane roads where traffic moves in opposite directions, you may pass on the left only when:

Correct answer: a broken yellow line is in your lane

Explanation: On two-lane roads where traffic moves in opposite directions, you may pass on the left only when there is a broken yellow line on the highway, or when the broken yellow line is in your lane.
QUESTION 192
Question: On two-lane roads, with traffic moving in both directions, you must activate the_________ before returning to the right lane.
Correct answer: left-turn signal before passing and right-turn signal after passing
Explanation: On two-lane roads, with traffic moving in both directions, you may pass traffic on the left, if the pass can be completed safely without exceeding the speed limit. In preparing to pass, check the road ahead for sufficient distance and the road behind for other traffic that may be preparing to pass you. Activate left-turn signal before passing and right-turn signal after passing, and before returning to the right lane.

QUESTION 193
Question: Passing on the right is permitted in all of the following situations, EXCEPT:
Correct answer: when driving in a lane set aside for left turns
Explanation: Passing on the right is permitted when driving in a lane set aside for right turns. When a lane is set aside for left turns, you must not pass on the right.

QUESTION 194
Question: Proactively looking ahead, to the sides, and behind the vehicle to anticipate problems ahead is part of:
Correct answer: defensive driving
Explanation: To be a good driver, you must know what is happening around your vehicle. You must look ahead, to the sides, and behind the vehicle. Scanning helps you to see problems ahead and you can easily respond to oncoming hazards when driving.

QUESTION 195
Question: Rain, snow, and ice impair your ability to see ahead, so you must_________ to stop your vehicle safely.
Correct answer: increase the braking distance
Explanation: Bad weather calls for slower speeds. You should follow other vehicles at a greater distance. Rain, snow, and ice impair your ability to see ahead, so you must increase the braking distance to stop your vehicle safely. In these conditions, apply the brakes sooner and more gently than usual.

QUESTION 196
Question: Rear-end crashes are common on highways because many drivers:
Correct answer: follow too closely
Explanation: Following too closely is the main reason for rear-end crashes on highways.
QUESTION 197

Question: Rectangular, black letters on white background signs are used as:
Correct answer: regulatory signs
Explanation: Rectangular, black letters on white background signs are used to regulate the traffic. Speed limit signs and do not pass signs are some examples.

QUESTION 198

Question: Reference markers are mile markers placed along the outside shoulder to mark the edge of the roadway. They convey information to drivers about:
Correct answer: their location on the interstate for navigation and emergency situations
Explanation: The reference markers are located every two-tenths of a mile, so motorists will always be in sight of a sign. Reference markers are mile markers placed along the outside shoulder to mark the edge of the roadway and convey information to drivers about their location on the interstate for navigation and emergency situations.

QUESTION 199

Question: Rumble strips are intended to alert drowsy or inattentive drivers through vibration and sound that they are:
Correct answer: approaching a stop sign or signal
Explanation: Rumble strips are a series of indented elements installed on a paved roadway shoulder near the travel lane, on a two-lane roadway near the center line, or in the lane of traffic approaching a stop sign or signal. Rumble strips are intended to alert drowsy or inattentive drivers through vibration and sound that their vehicles have left the travel lane or are approaching a stop sign or signal.

QUESTION 200

Question: Shared center lanes that are marked on each side by a solid yellow and dashed yellow lines are reserved for ______ and can be used by vehicles traveling in either direction.
Correct answer: making left turns
Explanation: Shared center lanes are reserved for making left turns and can be used by vehicles traveling in either direction.

QUESTION 201

Question: Steam coming from under your vehicle hood may mean that:
Correct answer: your cooling system has overheated
Explanation: Steam coming from under your vehicle hood may mean that your cooling system has overheated. Pull to the side of the road and turn off your engine immediately. Carry extra water in your car to add to your radiator only after the engine has cooled.
QUESTION 202
Question: Stopping on the pavement or shoulder while driving is permitted only:
Correct answer: in an emergency or when your car is unable to go any further
Explanation: Stopping on the pavement or on the shoulder is prohibited by the driving law. Stopping on the shoulder is permitted only in an emergency, or when your car is unable to go any further.

QUESTION 203
Question: Tailgating is the practice of:
Correct answer: following too close
Explanation: Following too closely is also known as tailgating. Don't follow too closely or tailgate. If you drive too close behind a truck, the trucker may not know you are there.

QUESTION 204
Question: The area of the freeway on the outside of the solid white line is meant for:
Correct answer: emergency use only
Explanation: The area of the freeway on the outside of the solid white line is for emergency use only. It is illegal to pass another vehicle or to stop to pick up passengers in this lane.

QUESTION 205
Question: The best way to handle a curve is to:
Correct answer: slow down before entering the curve
Explanation: The best way to handle a curve is to slow down before you enter the curve so that you will not need to brake while you are in the curve.

QUESTION 206
Question: The correct hand signal for indicating a right turn is:
Correct answer: hand and arm extended upward
Explanation: Be sure to make your intentions known to the other drivers. Signals should be continued until you are ready to make the actual turn. The correct hand signal to make a right turn is hand and arm extended upward.

QUESTION 207
Question: The correct hand signal to indicate a left turn is:
Correct answer: hand and arm extended outward
Explanation: When you want to make a turn, be sure your intentions are known to other drivers. Signals should be continued until you are ready to make the actual turn. The correct hand signal to make a left turn is hand and arm extended outward.
**QUESTION 208**

**Question:** The danger areas around trucks and buses where crashes are more likely to occur are called:

**Correct answer:** blind spots

**Explanation:** Blind spots are areas near the left and right rear corners of your vehicle that you cannot see in your rearview mirrors. Before you move sideways to change lanes on an expressway or to pass on any road, turn your head to make sure these areas are clear.

**QUESTION 209**

**Question:** The distance a vehicle travels between the time the driver recognizes a problem and the time he/she applies the brakes is known as:

**Correct answer:** the reaction distance

**Explanation:** The distance your vehicle travels between the time you recognize a problem and the time you apply the brakes is known as the reaction distance. Reaction distance is part of the stopping distance.

**QUESTION 210**

**Question:** The driver of the car being passed must ________ until the pass is complete.

**Correct answer:** not increase speed

**Explanation:** The driver of the car being passed must not increase speed until the pass is complete.

**QUESTION 211**

**Question:** The first rule of a safe and legal turn is:

**Correct answer:** to move into the proper lane well before the turn

**Explanation:** The first rule for a safe and legal turn is to move into the proper lane well before the turn. To turn left, be in the far left lane for your direction of travel. To turn right, be in the far right lane for your direction of travel.

**QUESTION 212**

**Question:** The hand and arm extended downward indicates the driver's intention to:

**Correct answer:** slow down or stop

**Explanation:** Hand signals should be given with your left arm when car signal lights fail. For a right turn, the hand and arm are extended straight up. For a left turn, the driver's hand and arm are extended straight out to the left. To slow down or stop, the hand and arm are extended down.

**QUESTION 213**

**Question:** The likelihood of an accident increases if a driver is under the influence of:

**Correct answer:** alcohol, drugs or prescription medication

**Explanation:** Use of alcohol and drugs, including prescription medication, can cause drowsiness and other side effects. They may impair driving skills.
QUESTION 214
Question: The most important vehicle control device to use during a skid is:
Correct answer: the steering wheel
Explanation: The most important vehicle control device to use during a skid is the steering wheel. If you begin to skid sideways, you need to turn the wheel in the opposite direction that the vehicle is skidding.

QUESTION 215
Question: The primary traveling aids for a blind person include:
Correct answer: a white cane or a trained guided dog
Explanation: The primary traveling aids for a person who is blind are often a white cane or a trained guide dog. Drivers must always yield the right-of-way to persons who are blind.

QUESTION 216
Question: The right lane on a freeway should remain open for_______ as much as possible.
Correct answer: traffic entering and leaving the freeway
Explanation: If you are in the right lane, allow space for entering vehicles. The right lane should remain open for traffic entering and leaving the freeway as much as possible.

QUESTION 217
Question: The traffic striping marks of diagonal yellow lines are on streets and highways. These indicate:
Correct answer: both a) and b)
Explanation: Diagonal yellow striping marks on streets and highways indicate a narrow road or an obstruction ahead.

QUESTION 218
Question: The wide white lines painted across a traffic lane before you enter the intersection are known as
Correct answer: stop lines
Explanation: Stop lines are the wide white lines painted across a traffic lane where you must stop before you enter the intersection. You should be able to see traffic coming from all directions.
QUESTION 219

Question: The______ keeps your head and chest from striking the dashboard or windshield in a collision.
Correct answer: shoulder belt
Explanation: A combination lap/shoulder belt greatly reduces your chances of being seriously injured in a motor vehicle crash. The lap belt prevents ejection and protects your lower body. The shoulder belt keeps your head and chest from striking the dashboard or windshield.

QUESTION 220

Question: Things that can distract your attention away from the road include:
Correct answer: text messaging and talking on the phone
Explanation: Anything that draws your attention away from the road can distract you. Some examples of distractions include: text messaging, talking on the phone, dealing with children while driving, and lighting a cigarette.

QUESTION 221

Question: To avoid a head-on collision when you see an oncoming vehicle in your lane, you must:
Correct answer: steer right toward the shoulder or curb-line
Explanation: To avoid a head-on collision, steer right toward the shoulder or curb-line. Do not steer left. The other driver likely will try to steer back into the proper lane. Prepare to drive entirely off the roadway to the right, if necessary.

QUESTION 222

Question: To avoid collisions on road, you must:
Correct answer: try to keep a space cushion
Explanation: To avoid collisions on the road, try to keep plenty of space between your car and others on all sides, in order to stop or pass safely.

QUESTION 223

Question: To control speed on steep downgrades, drivers should:
Correct answer: use a lower gear
Explanation: The continuous application of brakes to control speed on downgrades will cause the brakes to become ineffective. Drivers should use an appropriate lower gear to control speed on downgrades. Use the brakes only when stopping the vehicle.
QUESTION 224

Question: To guard against glare from the headlights of a vehicle behind, you must use ________ and adjust it before you drive.

Correct answer: a day-night mirror

Explanation: To guard against glare from the headlights of a vehicle behind, use a day-night mirror. Adjust it before you drive.

QUESTION 225

Question: To prevent drowsiness in continuous driving on an interstate road, drivers must:

Correct answer: keep shifting their eyes

Explanation: To avoid drowsiness in continuous driving on an interstate road, you must keep your eyes moving and avoid staring in one direction. Talking on a cell phone or changing lanes frequently while driving is dangerous.

QUESTION 226

Question: To turn left from a one-way street to another, a driver must begin the turn:

Correct answer: from the left lane and make the turn close to the left curb

Explanation: To turn left from a one-way street to another, a driver must begin the turn from the left lane and make the turn close to the left curb.

QUESTION 227

Question: Traffic warning signs in work zones are usually:

Correct answer: Orange

Explanation: Traffic warning signs in work zones usually are orange. Red indicates dangerous traffic situations.

QUESTION 228

Question: Two sets of solid, double, yellow lines spaced two or more feet apart indicates:

Correct answer: a barrier

Explanation: Two sets of solid, double, yellow lines spaced two or more feet apart are considered a barrier. Do not drive on or over this barrier, make a left turn or a U-turn across it, except at designated openings.

QUESTION 229

Question: Unless prohibited, drivers must use the 'three point turn' to:

Correct answer: turn around on a narrow street

Explanation: Narrow streets are the source of crashes. Unless prohibited, drivers must use the 'three point turn' to turn around on a narrow street.
QUESTION 230

Question: Vehicles approaching a roundabout must:
Correct answer: yield to the traffic in the circle
Explanation: A roundabout is an intersection control device with traffic circulating around an island. Approaching vehicles must yield to the traffic in the circle. Always enter the roundabout to the right of the central island.

QUESTION 231

Question: Warning signs are used along the roadways to:
Correct answer: indicate potentially hazardous conditions ahead
Explanation: Warning signs are used to warn you of potentially hazardous conditions ahead so that you will proceed with extra caution. These signs are yellow with a black legend.

QUESTION 232

Question: What should you do if another driver tailgates your vehicle?
Correct answer: You must pull over to side and allow the driver to pass
Explanation: Tailgating is a trait of aggressive driving. If another driver tailgates you, pull over and let the driver pass. It is much better to have these unsafe drivers in front where you can see them rather than having them driving on your rear bumper.

QUESTION 233

Question: What should you do if fog closes in completely while driving, and visibility is reduced to near zero?
Correct answer: Carefully pull as far off the road as possible, and stop
Explanation: When fog closes in completely, and visibility is reduced to near zero, you are advised to carefully pull as far off the road as possible, and stop. Headlights and flashing emergency signals should be used while driving in fog.

QUESTION 234

Question: What should you do if you are overtaking a bicycle and an oncoming vehicle is approaching at the same time?
Correct answer: You must slow down and let the vehicle pass first to give extra room to the bicycle
Explanation: If you are overtaking a bicycle and an oncoming vehicle is approaching, you must slow down and let the vehicle pass first so that you can give extra room to the bicycle.

QUESTION 235

Question: What should you do, if you miss your exit on an expressway?
Correct answer: You must continue on to the next exit
Explanation: If you miss your exit on an expressway, you must not stop, back up or try to turn around. Drive to the next exit.
QUESTION 236

Question: When a highway is divided into two roadways by a median or barrier:
Correct answer: you must not drive across the median or barrier, except when an approved cross-over is provided
Explanation: When a highway is divided into two roadways by a median or barrier, you must not drive across the median or barrier except when an approved cross-over is provided. You cannot cross the painted continuous centerline of any multiple highway, except for the purpose of making a turn.

QUESTION 237

Question: When a roadway you are traveling on is merging into other traffic without stopping, you must:
Correct answer: adjust your speed and vehicle position to allow you to merge into the lane safely
Explanation: When the roadway you are traveling on is merging into other traffic without stopping, adjust your speed and vehicle position to allow you to merge into the new lane safely. There is no need to activate turn signals.

QUESTION 238

Question: When a traffic signal turns green at an intersection and you are going straight through, you must:
Correct answer: make sure there are no more vehicles coming through or still in the intersection
Explanation: When a traffic signal turns green at an intersection, make sure the way is clear of any other vehicles that might be still coming through or in the intersection. Most accidents at traffic signals happen in the first few seconds after the light has changed. Yield to any pedestrians who are still on the road.

QUESTION 239

Question: When a truck is trying to pass your vehicle, you can help the truck driver by:
Correct answer: keeping to the far side of your lane and reducing your speed slightly
Explanation: When a truck is trying to pass your vehicle, you can help the driver by keeping to the far side of your lane and reducing your speed slightly. Never speed up when a truck is passing. Try to avoid driving in no-zones.

QUESTION 240

Question: When a turning lane is provided for vehicles traveling in both directions, drivers must use:
Correct answer: extreme caution to make a left turn
Explanation: When a turning lane is provided for vehicles traveling in both directions, you should use extreme caution before entering the turning lane to make a left turn. There may be a vehicle traveling in the opposite direction also entering the turning lane to make a left turn. This is especially problematic in congested areas.
QUESTION 241

Question: When an animal suddenly runs in front of your vehicle, you must:
Correct answer: concentrate on retaining control of your vehicle
Explanation: If an animal suddenly runs in front of a vehicle, the driver must take a defensive action and try to control the vehicle to avoid a collision.

QUESTION 242

Question: When approached by an emergency vehicle in a roundabout:
Correct answer: continue on and exit as normal, then pull to the right
Explanation: If you are approached by an emergency vehicle in a roundabout, you must not stop or pull over for the emergency vehicle. You should continue on and exit as normal, then pull to the right, so there is room for the emergency vehicle to pass.

QUESTION 243

Question: When approaching an intersection to make a right turn, you must stay _________ and make the turn close to the right curb.
Correct answer: as far to the right as possible
Explanation: When approaching an intersection to make a right turn, stay as far to the right as possible. Make the turn close to the right curb.

QUESTION 244

Question: When approaching an intersection where there are no signs or traffic lights, you must:
Correct answer: yield to vehicles on the right
Explanation: When approaching an intersection where there are no signs or traffic lights, you must yield to vehicles on the right.

QUESTION 245

Question: When approaching or driving through a work zone, you must not:
Correct answer: weave from lane to lane
Explanation: When approaching or driving through a work zone, observe what other drivers are doing and avoid sudden moves. Do not weave from lane to lane. Brake gradually to give drivers behind you ample time to slow down. Keep up with the flow of traffic.

QUESTION 246

Question: When approaching pedestrians who are walking on or crossing the roadway, you must:
Correct answer: slow down, yield, and be prepared to stop
Explanation: Slow down, yield and be prepared to stop when approaching pedestrians who are walking on or across the roadway.
### QUESTION 247

**Question:** When backing up your vehicle, you must:

**Correct answer:** not depend on your mirrors, instead turn your head to look through the rear window

**Explanation:** Before you back up, you must be sure it is safe to do so and that it will not interfere with other traffic. It is a good idea to go behind the vehicle to make sure a child, pet, or toy is not in the way. Back slowly from a driveway into a street. Turn your head so you can look through the rear window. Do not depend on your mirrors.

### QUESTION 248

**Question:** When changing a lane, all of the following are correct manoeuvres, EXCEPT:

**Correct answer:** when you turn your head to check the blind spots, turn the steering wheel

**Explanation:** When you turn your head to check the blind spots, make sure you keep the steering wheel straight; people have a natural tendency to turn their arms in the same direction as their head turns.

### QUESTION 249

**Question:** When changing lanes, look over your shoulder in the direction you plan to move to make sure there are no other vehicles in:

**Correct answer:** blind spots

**Explanation:** When changing lanes, look over your shoulder in the direction you plan to move to make sure there are no other vehicles in your blind spots. You cannot see these areas in your mirrors.

### QUESTION 250

**Question:** When driving on freeways, the condition that makes you feel that you are going slower than your actual speed is known as:

**Correct answer:** velocitizing

**Explanation:** Velocitizing occurs when you begin to feel that you are going slower than your actual speed. You can avoid this by varying your speed slightly when driving long distances on the highway. Use care while reducing your speed as you enter exit ramps.

### QUESTION 251

**Question:** When driving on gravel or dirt, you must slow down because:

**Correct answer:** you do not have much traction

**Explanation:** You do not have as much traction on gravel or dirt roads as you do on concrete or asphalt roads. When driving on gravel or dirt, you must slow down. It will take you much longer to stop and it is much easier to skid when turning.
### QUESTION 252

**Question:** When entering a paved thoroughfare from a private road, a driveway, or an unpaved road, you must

**Correct answer:** come to a complete stop and then give the right-of-way to pedestrians, bicyclists, or vehicles on the road you are entering

**Explanation:** If you are entering a paved thoroughfare from a private road, a driveway, or an unpaved road, you are required to stop your vehicle and then give the right-of-way to pedestrians and other vehicles.

### QUESTION 253

**Question:** When entering an interstate highway from the acceleration lane, you must:

**Correct answer:** keep pace with other traffic or obey posted speed limits

**Explanation:** When entering an interstate highway from an acceleration lane, you must keep pace with other traffic or obey posted speed limits.

### QUESTION 254

**Question:** When entering and exiting a roundabout, you must always:

**Correct answer:** keep right

**Explanation:** When entering a roundabout you must stay to the right of the center island. Do not stop if the way is clear. Never pass or overtake another vehicle after entering a single lane roundabout. Travel around the circle until you reach your desired street; use your right-turn signal and exit the roundabout.

### QUESTION 255

**Question:** When following a large vehicle at night, always:

**Correct answer:** dim your headlights

**Explanation:** When following a large vehicle at night, always dim your headlights. Bright lights can blind the driver, as they reflect off the vehicle's large side mirrors.

### QUESTION 256

**Question:** When going down a steep hill, you must:

**Correct answer:** shift to a lower gear

**Explanation:** Use a low gear to help slow your vehicle down when driving down a steep hill. Never coast in neutral or with your foot on the clutch.

### QUESTION 257

**Question:** When is it legal to pass another vehicle using the shoulder of a road?

**Correct answer:** You are not legally allowed to pass using the shoulder of a road

**Explanation:** As per driving law, no person is allowed to pass on the shoulder of a road.
**QUESTION 258**

**Question:** When it is raining or the road is wet, you must reduce your speed to avoid:

**Correct answer:** hydroplaning

**Explanation:** When it is raining or the road is wet, as you go faster, your tires will start to ride up on the water, like water skis, due to low traction with the road. This condition is called hydroplaning. To avoid this state you must drive slower than 35 mph.

**QUESTION 259**

**Question:** When making a left or right turn at any intersection, drivers must yield the right-of-way to:

**Correct answer:** pedestrians

**Explanation:** When making a left or right turn at any intersection, drivers must yield the right-of-way to pedestrians.

**QUESTION 260**

**Question:** When making a left turn at an intersection, a motorist must yield to:

**Correct answer:** oncoming traffic

**Explanation:** When making a left turn at an intersection, a motorist must yield to oncoming traffic and stop for pedestrians within the crosswalk.

**QUESTION 261**

**Question:** When making a left turn at an intersection, or into an alley or driveway, you must yield the right-of-way to:

**Correct answer:** all traffic coming from the opposite direction

**Explanation:** When making a left turn at an intersection, or into an alley or driveway, yield the right-of-way to all traffic coming from the opposite direction.

**QUESTION 262**

**Question:** When making a right turn from a four-lane divided highway, enter the right lane well in advance of the turn and make:

**Correct answer:** a tight turn into the right lane and the cross street

**Explanation:** When making a right turn from a four-lane highway, drivers must enter right lane well in advance and make a tight turn into the right lane and the cross street.

**QUESTION 263**

**Question:** When making a right turn, look right and left, yield right-of-way, and turn the steering wheel using:

**Correct answer:** a hand-over-hand technique

**Explanation:** When making right turn, look right and left, yield right of way and turn the steering wheel hand-over-hand to complete the turn in the lane next to the curb.
QUESTION 264

Question: When making a U-turn, you must NOT:
Correct answer: make it on a curve of the road or near a hill
Explanation: When making a U-turn, drivers must yield the right-of-way to oncoming vehicles and pedestrians. You should never make a U-turn on a curve in the road or when approaching the crest of a hill or grade.

QUESTION 265

Question: When making right turns, drivers must avoid ______ before initiating the turn.
Correct answer: a swinging wide turn to the left
Explanation: Swinging wide turns may cause the driver behind you to think you are changing lanes or going to turn left and may try to pass you on the right.

QUESTION 266

Question: When overtaking and passing another vehicle on a two-lane road, you should pass only to:
Correct answer: the left of the vehicle
Explanation: When overtaking and passing another vehicle on a two-lane road, you should pass only to the left of the vehicle.

QUESTION 267

Question: When parking and leaving your vehicle on a highway or street, which of the following is prohibited?
Correct answer: lower the windows
Explanation: When parking and leaving your vehicle on a highway or street, you must stop the engine, lock the ignition, remove the key, and set the brakes. It is also advisable to raise the windows and lock the doors.

QUESTION 268

Question: When passing a large vehicle, do not pull back in front of the truck until you can see its:
Correct answer: headlights in your inside rearview mirror
Explanation: Trucks require a much longer stopping distance. Do not enter a roadway in front of a large vehicle. When passing a large vehicle, do not pull back in front of the truck until you can see its headlights in your inside rearview mirror. Do not make sudden stops in front of large vehicles.
QUESTION 269

Question: When passing a motorcyclist, drivers must:
Correct answer: pass in an adjacent lane
Explanation: A motorcyclist legally occupies the full width of a single lane when traveling. When passing a motorcyclist, a driver must pass in an adjacent lane. Drivers are not permitted to occupy the same lane as a motorcyclist while passing them.

QUESTION 270

Question: When passing a stopped emergency vehicle, you must
Correct answer: slow down and move into a non-adjacent lane
Explanation: When passing stopped emergency vehicles, you must slow down to less than the posted speed limit and move into a non-adjacent lane.

QUESTION 271

Question: When passing a truck or a commercial motor vehicle, the passenger car driver must watch for:
Correct answer: the side, rear and front no-zones
Explanation: Large commercial vehicles or trucks have big blind spot areas, called No-Zones. No-Zones exist on sides, front and back of the vehicle. It is impossible to completely avoid a truck's blind spots. However, car drivers should not remain in the No-Zone any longer than needed to safely pass a heavy truck.

QUESTION 272

Question: When passing another vehicle, get through the other driver's blind spot as quickly as you can-
Correct answer: without exceeding the speed limit
Explanation: When passing another vehicle, get through the other driver's blind spot as quickly as you can, without exceeding the speed limit. The longer you stay in the blind spot, the longer you are in danger of a collision.

QUESTION 273

Question: When passing in rural areas, drivers must pay more attention to:
Correct answer: unmarked railroad crossings and hidden intersections
Explanation: When driving in rural or country areas, there are a number of special situations that require attention. Unmarked railroad crossings and hidden intersections may appear.

QUESTION 274

Question: When slowing down or stopping, you must:
Correct answer: either a) or b)
Explanation: You must use either an arm signal or the brake-operated signal lights when slowing down or stopping your vehicle.
QUESTION 275

Question: When stopped behind another vehicle on a hill, you should stay back at least:
Correct answer: one vehicle length
Explanation: When stopped behind another vehicle on a hill, you should stay back about one vehicle length. The vehicle ahead may roll back into your vehicle when it starts, if you are too close.

QUESTION 276

Question: When the yellow lights are flashing, all drivers approaching ________ must obey the posted speed limit of 20 mph.
Correct answer: a school zone
Explanation: School zones are sensitive areas because children from all directions can cross the road. Drivers must slow down and maintain a speed of 20 mph near school zones.

QUESTION 277

Question: When there are three or more lanes going in one direction on a highway, fast-moving vehicles should use:
Correct answer: the left lane
Explanation: When there are three or more lanes going in one direction, the middle lane or lanes are usually the smoothest. The left lane is for drivers who want to go faster, pass or turn left. Slower drivers and those turning right should use the right lane.

QUESTION 278

Question: When there are two or more lanes for traffic moving in the same direction, slower vehicles should use:
Correct answer: the right lane, except when passing or making a left turn
Explanation: When there are two or more lanes for traffic moving in the same direction, slower vehicles should use the right lane, except when passing or making a left turn.

QUESTION 279

Question: When there are two solid yellow lines in the center, passing is
Correct answer: not permitted in either direction
Explanation: When there are two solid yellow lines in the center, passing is not permitted in either direction.

QUESTION 280

Question: When there is no traffic on both sides of the road, a turn around can be performed using
Correct answer: a three-point turn
Explanation: Never turn around on a busy street. When there is no traffic on both sides, you must follow a three-point turn to turn around.
QUESTION 281

Question: When there is not enough room for a U-turn, you are suggested to follow a three-point turn.

Correct answer: a three-point turn

Explanation: If there is not enough room for taking a U-turn, you may consider a three-point turn. This will put you in the opposite direction. This turn should only be used when the street is narrow, there is good visibility, the traffic is light, the turn is legal and there is no other option.

QUESTION 282

Question: When there is water on the roadway, you must reduce your speed to avoid:

Correct answer: hydroplaning

Explanation: When there is water on the roadway, reduce your speed. High speeds under such conditions can cause your vehicle to "hydroplane" out of control.

QUESTION 283

Question: When traffic control lights are not working, you must _______ before proceeding through the intersection.

Correct answer: come to a full stop

Explanation: When traffic control lights are not working, you must come to a full stop before proceeding through the intersection. After yielding to pedestrians and to other vehicles that have already stopped or are in the intersection, you may proceed with caution.

QUESTION 284

Question: When traveling on a one-way street, you must use:

Correct answer: the outside lanes for turning and the center lanes for through-travel

Explanation: On a one-way street, use the center lane(s) for through-travel and the outside lanes for turning.

QUESTION 285

Question: When turning corners, drivers must turn the steering wheel using:

Correct answer: the hand-over-hand technique

Explanation: When turning corners, turn the steering wheel using the "hand-over-hand" technique. Do not turn the wheel with just the palm of one hand or you could lose control. When you complete a turn, straighten out the steering wheel by hand. Letting it slip through your fingers could be dangerous.

QUESTION 286

Question: When turning left from one one-way road to another one-way road:

Correct answer: bring your vehicle into the nearest left lane for traffic on the road you are entering
QUESTION 286

Explanations: When turning left from one one-way road to another one-way road, bring your vehicle into the nearest left lane for traffic on the road you are entering, unless a lane use control sign or pavement markings direct you otherwise.

QUESTION 287

Question: When turning left from one one-way road to another one-way road, bring your vehicle into the nearest left lane for traffic on the road you are entering, unless a lane use control sign or pavement markings direct you otherwise.

Correct answer: to divide each side of the highway into separate lanes for vehicles traveling in the same direction.

Explanation: When two or more lanes of travel are permitted in the same direction, a broken white line is used to divide each side of the highway into separate lanes for vehicles traveling in the same direction.

QUESTION 288

Question: When two or more lanes of travel are permitted in the same direction, a broken white line is used:

Correct answer: to divide each side of the highway into separate lanes for vehicles traveling in the same direction.

Explanation: When two or more lanes of travel are permitted in the same direction, a broken white line is used to divide each side of the highway into separate lanes for vehicles traveling in the same direction.

QUESTION 289

Question: When two or more lanes of travel are permitted in the same direction, a broken white line is used:

Correct answer: to divide each side of the highway into separate lanes for vehicles traveling in the same direction.

Explanation: When two or more lanes of travel are permitted in the same direction, a broken white line is used to divide each side of the highway into separate lanes for vehicles traveling in the same direction.

QUESTION 290

Question: When two or more lanes of travel are permitted in the same direction, a broken white line is used:

Correct answer: to divide each side of the highway into separate lanes for vehicles traveling in the same direction.

Explanation: When two or more lanes of travel are permitted in the same direction, a broken white line is used to divide each side of the highway into separate lanes for vehicles traveling in the same direction.

QUESTION 291

Question: When two or more lanes of travel are permitted in the same direction, a broken white line is used:

Correct answer: to divide each side of the highway into separate lanes for vehicles traveling in the same direction.

Explanation: When two or more lanes of travel are permitted in the same direction, a broken white line is used to divide each side of the highway into separate lanes for vehicles traveling in the same direction.
QUESTION 291

Explanation: If you are moving through an intersection with a green signal and a pedestrian starts to cross in your path against the red signal, give a warning with your horn. If the pedestrian does not stop, the driver must stop.

QUESTION 292

Question: When you are travelling on a two-lane road and a vehicle ahead of you stops for a pedestrian, you must:
Correct answer: not pass the stopped vehicle
Explanation: When a vehicle ahead of you stops for a pedestrian, you must not pass the stopped vehicle, even if there are two lanes available. This is a frequent hazard for pedestrians.

QUESTION 293

Question: When you are turning on a one-way or divided streets, always turn from:
Correct answer: the lane nearest the curb
Explanation: When you are turning on a one-way or divided streets, always turn from the lane nearest the curb.

QUESTION 294

Question: When you are under emotional or physical stress while driving a vehicle, it is better to:
Correct answer: stop driving or have someone else drive
Explanation: Worry and safe driving do not go together. If worried, ill, nervous, frightened, angry, or depressed, let someone else drive or stop driving the vehicle.

QUESTION 295

Question: When you come to a school or church bus that is stopped on any roadway to load or unload passengers, you must:
Correct answer: stop and remain stopped until all people have cleared the roadway
Explanation: Where there are school buses, there are usually children. Children are likely to do something unexpected, so be prepared. When you come to a school or church bus that is stopped on any roadway to load or unload passengers, you must STOP. By law you must remain stopped until all people are clear of the roadway and the bus is in motion.

QUESTION 296

Question: When you come to an intersection and try to make a move, you must follow the _________ before you pull out.
Correct answer: left, right, and left rule
QUESTION 296
Explanation: When you come to an intersection, follow this important rule (left, right, left). Look to the left first because vehicles coming from the left are closer to you. Look to the right. Take one more look to the left before you pull out. That way you might see a vehicle you did not see the first time you looked.

QUESTION 297
Question: When you drive in city traffic, you should try to look at least:
Correct answer: one block ahead
Explanation: When you drive in city traffic, you should try to look at least one block ahead. In the city, 10 seconds is about one block.

QUESTION 298
Question: When you encounter a yellow arrow signal while turning left at an intersection, you must:
Correct answer: clear the intersection quickly
Explanation: When you find a yellow arrow signal while turning left at an intersection, you must clear the intersection quickly.

QUESTION 299
Question: When you find double solid lines in your lane, you are:
Correct answer: not allowed to pass or change lanes
Explanation: When you find double solid lines in your lane, you are not allowed to pass or change lanes.

QUESTION 300
Question: When you meet a truck coming from the opposite direction, keep as far as possible to the side to avoid:
Correct answer: a sideswipe accident
Explanation: When you meet a truck coming from the opposite direction, keep as far as possible to the side to avoid a sideswipe accident and to reduce the wind turbulence between the two vehicles.

QUESTION 301
Question: When you reach a marked or unmarked crossing, you must yield and watch for:
Correct answer: pedestrians
Explanation: When you reach a marked or unmarked crossing, you must yield and watch for pedestrian crosswalks.
QUESTION 302

Question: When you see a flashing yellow signal at an intersection, you should:
Correct answer: slow down and cross the intersection carefully
Explanation: A yellow flashing signal means that you may proceed only with caution.

QUESTION 303

Question: When you see a pedestrian crossing an unmarked crosswalk where there is no traffic control signal, you should:
Correct answer: yield the right-of-way to the pedestrian
Explanation: A driver must yield the right-of-way to pedestrians when they are in a marked or unmarked crosswalk on the driver's side of the roadway and there are no traffic control signals.

QUESTION 304

Question: When you see a solid center line on your side of the road, you must:
Correct answer: not change your lane
Explanation: You should not pass when there is a solid center line on your side of the road.

QUESTION 305

Question: When you see a triangle-shaped road sign while driving, you must:
Correct answer: reduce your speed and yield
Explanation: When you see a triangle-shaped road sign while driving, you must slow down and yield to other traffic.

QUESTION 306

Question: When you see a yield sign on your way or at an intersection, you must:
Correct answer: slow down to a reasonable speed and yield right-of-way to all vehicles
Explanation: The yield sign means that you must slow down to a reasonable speed and yield right-of-way to all vehicles on the roadway being entered.

QUESTION 307

Question: When you see an elderly person crossing an intersection, you should:
Correct answer: stop your vehicle and yield the right of way
Explanation: Drivers must yield the right of way to the pedestrians.

QUESTION 308

Question: When you see an oncoming car to the left and a bicyclist to the right while driving, you must:
Correct answer: slow down and let the car pass
QUESTION 308

Explanation: Sometimes you can take hazards one at a time. Suppose there is only one oncoming car to the left and a bicyclist to the right. Instead of driving between the car and the bike, take them one at a time. Slow down and let the car pass. Then, move to the left to allow plenty of room before you pass the bicyclist.

QUESTION 309

Question: When you see the letters 'RR' painted on the pavement, you are approaching:
Correct answer: a railroad crossing
Explanation: The letters 'RR' indicate a railroad crossing ahead.

QUESTION 310

Question: When you turn from a high speed, two-lane roadway, _______ if you have traffic following you.
Correct answer: try not to slow down your vehicle too early
Explanation: When you turn from a high speed, two-lane roadway, try not to slow down too early. Use your turn signals to let other drivers know your intentions. Tap your brakes and reduce your speed quickly but safely.

QUESTION 311

Question: When you want to enter a freeway, you should:
Correct answer: enter the freeway at or near the speed of the freeway traffic
Explanation: Enter the freeway at or near the speed of traffic. Remember that the maximum speed allowed is 65 mph on most freeways. Do not stop before merging into freeway traffic unless absolutely necessary. Freeway traffic has the right-of-way.

QUESTION 312

Question: Whenever you want to change lanes, you must check for traffic:
Correct answer: both a) & b)
Explanation: Whenever you want to change lanes, you must check for traffic to the side and behind your vehicle and make sure that there are no vehicles in the lane you want to enter.

QUESTION 313

Question: Which of the following actions escalate road rage?
Correct answer: a) & b)
Explanation: Violent acts such as cutting off or swerving in front of other vehicles create emotional imbalance that is associated with road rage. Blowing the horn, forcing a car off the road or tailgating are also associated with road rage.
QUESTION 314

Question: Which of the following actions should NOT be done when approaching a modern roundabout?

Correct answer: Always enter the roundabout to the left and proceed on the left side of the central island.

Explanation: On approaching the modern roundabout, yield to vehicles and bicyclists within the circulating roadway. Look to your left to see if there is an appropriate gap in traffic. If one is not available, you may need to stop. Always enter the roundabout to the right and proceed on the right side of the central island.

QUESTION 315

Question: Which of the following are known as "uncontrolled intersections"?

Correct answer: Intersections not protected by stop signs, yield signs or traffic lights

Explanation: Intersections not protected by stop signs, yield signs or traffic lights are called "uncontrolled intersections." The driver must slow down and keep the vehicle under control at uncontrolled intersections.

QUESTION 316

Question: Which of the following are three types of intersections on the road?

Correct answer: Controlled, Uncontrolled, and Blind

Explanation: An intersection is where two or more roads cross or merge at angles. There are three types of intersections, Controlled, Uncontrolled and Blind.

QUESTION 317

Question: Which of the following are two types of speed signs?

Correct answer: speed limit signs and advisory speed signs

Explanation: There are two speed signs: speed limit signs and advisory (recommended) speed signs. Speed limit signs have black letters and numerals on a white rectangular background and are the legal allowable limits. Advisory speed signs have black letters on a yellow background and often are shown under a warning sign.

QUESTION 318

Question: Which of the following are used as left-edge lines on divided highways?

Correct answer: Single, solid, yellow lines

Explanation: Single, solid, yellow lines are used as left-edge lines on divided highways.

QUESTION 319

Question: Which of the following cannot be considered a no-parking zone?

Correct answer: The curb or edge of the public road

Explanation: The curb or edge of a public roadway cannot be considered as a no-parking zone. Vehicles can be parked on some public roads.
QUESTION 320

Question: Which of the following hand signals would a driver use to indicated that he/she is turning left?

Correct answer: left hand and arm straight out, keeping hand and arm still

Explanation: When a driver puts his left hand and arm straight out, keeping hand and arm still, this indicates his/her intention to turn left.

QUESTION 321

Question: Which of the following is considered to be a safe driving practice?

Correct answer: Defensive driving

Explanation: Defensive driving protects yourself and others from dangerous and unexpected driving situations. It is important that you become a defensive driver.

QUESTION 322

Question: Which of the following is not a proper step for parallel parking?

Correct answer: Back quickly, turning your steering wheel to the left to aim the back of your vehicle towards the front of the vehicle behind you

Explanation: The steps for parallel parking are as follows: put on your turn signal to warn other drivers that you intend to park. Signal and stop with the back end of your vehicle even with the back of the vehicle in front of the place you want to park. Back slowly, turning your steering wheel to the right to aim the back of your car towards the front of the one behind you. As the front of your car clears the back of the car in front of you, turn your wheels sharply to the left and continue backing slowly until the back of the car almost touches the car behind you. Straighten your wheels and pull forward to center the car in the parking space. Put the transmission in park and set the brake.

QUESTION 323

Question: Which of the following is not a safe situation for passing?

Correct answer: When moving through an intersection

Explanation: You should not attempt to pass another vehicle when approaching or moving through an intersection or crosswalk.

QUESTION 324

Question: Which of the following is NOT a true statement about safety belts?

Correct answer: You will be trapped after an accident if you wear a safety belt

Explanation: Your chances of being killed are 25% greater if you are thrown from the car. You must wear a safety belt while driving.
QUESTION 325

Question: Which of the following is not a true statement regarding railroad crossings?

Correct answer: It is wise to shift gears when crossing railroad tracks

Explanation: Drivers must wait until there is a room for the vehicle on the far side at rail crossings. They should not block the crossing. They should also yield to crossing trains. It is wise not to shift gears when crossing railroad tracks, in case of stalling.

QUESTION 326

Question: Which of the following is NOT true, regarding pavement markings?

Correct answer: Crossing a double solid white line is allowed on a highway

Explanation: Solid double white lines separate lanes of traffic moving in the same direction. Crossing a double solid white line is prohibited.

QUESTION 327

Question: Which of the following lines permit the passing of other vehicles?

Correct answer: A broken white line

Explanation: A broken white line on your side permits passing of vehicles.

QUESTION 328

Question: Which of the following methods is used to make a U-turn on a narrow, two-way street?

Correct answer: A three-point turn method

Explanation: If you must make a U-turn on a narrow, two-way street, you are required to use the three-point turn method for safe turn around, unless prohibited.

QUESTION 329

Question: Which of the following must NOT be done when brakes fail while driving?

Correct answer: Stop the vehicle by colliding head-on into a solid object

Explanation: If your brakes fail, pump the brake pedal. Pumping might temporarily restore enough brake fluid pressure to slow or stop your vehicle. Downshift to a lower gear. This uses the braking power of the engine to slow your vehicle. As a last resort, rub the wheels against a curb to reduce speed. If a collision is unavoidable, steer for a sideswipe rather than colliding head-on into something solid.

QUESTION 330

Question: Which of the following right-of-way rules is not true?

Correct answer: At an intersection where there is no stop sign, yield sign or oncoming traffic signal, drivers must yield to vehicles coming from the left

Explanation: At an intersection where there is no stop sign, yield sign or oncoming traffic signal, drivers must yield to vehicles coming from the right.
QUESTION 331

Question: Which of the following road rules about turning is NOT correct?

Correct answer: Where there are no signs to control turning, you must turn into the lane farthest from the one you came from.

Explanation: Where there are no signs or lane markings to control turning, you should turn from the lane that is closest to the direction you want to go and turn into the lane closest to the one you came from. This way, you will cross the fewest lanes of traffic.

QUESTION 332

Question: Which of the following should be done before entering the curve, in order to avoid a skid while driving?

Correct answer: Reduce the speed by applying brakes

Explanation: You must reduce your speed before you enter a curve so you can avoid braking in the curve. Braking in a curve can cause a skid.

QUESTION 333

Question: Which of the following signs inform you of possible hazards ahead?

Correct answer: Warning signs

Explanation: Warning signs alert you to possible hazards ahead. Slow down and watch for other signs or signals that may follow.

QUESTION 334

Question: Which of the following statements about a freeway is NOT correct?

Correct answer: While using a freeway, cross a solid line immediately after entering or before exiting

Explanation: Freeways and interstate highways are designed to handle higher speed traffic safely. Do not cross a solid line while entering or exiting a freeway.

QUESTION 335

Question: What do you do if you miss your interchange?

Correct answer: If you miss your interchange, use median crossovers

Explanation: For all interchanges on expressways or interstate highways, you should use exit and entrance ramps, which are provided at the sides of the highways. Do not use median crossovers, as these are for authorized vehicles, such as emergency and maintenance vehicles.

QUESTION 336

Question: Which is the correct distance to park near a fire hydrant?

Correct answer: It is legal to park within 10 feet of a fire hydrant

Explanation: It is illegal to park within less than 10 feet of a fire hydrant.
**QUESTION 337**

**Question:** Can you exceed the speed limit if you want to pass another vehicle?
**Correct answer:** You cannot exceed the speed limit even if it’s just to pass another vehicle.
**Explanation:** It is not legal to exceed the speed limit when passing. Make sure you have time and space to pass safely.

**QUESTION 338**

**Question:** Who has the right-of-way at an uncontrolled intersection?
**Correct answer:** At an uncontrolled T-intersection, the vehicle on the continuing street has the right-of-way.
**Explanation:** At an uncontrolled T-intersection, the vehicle on the terminating street must yield to vehicles on the continuing street.

**QUESTION 339**

**Question:** Bicycles and motorcycles are dangerous because...
**Correct answer:** Bicycles and motorcycles move and stop faster than expected
**Explanation:** Bicycles and motorcycles are smaller, harder to see and can move/stop faster than expected.

**QUESTION 340**

**Question:** What should every driver know about blind spots?
**Correct answer:** The larger the vehicle, the larger the blind spots.
**Explanation:** No matter what kind of car you have or how well adjusted your mirrors are, you will still have blind spots. Every vehicle has blind spots. Generally, the larger the vehicle, the larger the blind spots.

**QUESTION 341**

**Question:** What should every driver know about school zones?
**Correct answer:** Drivers must yield to pedestrians in school crosswalks with no school crossing guard.
**Explanation:** Drivers must always yield to pedestrians in school crosswalks. There may or may not be school crossing guards to assist with safe pedestrian crossing.

**QUESTION 342**

**Question:** What should drivers remember regarding the use of headlights?
**Correct answer:** High-beams should not be used when traveling behind other vehicles
**Explanation:** Low-beams are used when traveling behind other vehicles or when another vehicle is approaching. The high-beams should be used in open country driving when there is no traffic in sight. These beams help a motorist see farther ahead and peripherally or at a wider angle.
### QUESTION 343
**Question:** What should you remember regarding yellow and white lane markings on the road?
**Correct answer:** A solid white line between lanes of traffic tells you to stay in your lane, unless a special situation requires you to change lanes.
**Explanation:** A solid white line between lanes of traffic means that you should stay in your lane, unless a special situation requires you to change lanes.

### QUESTION 344
**Question:** What is the correct thing to do true regarding making turns?
**Correct answer:** Start from the lane closest to where you want to go.
**Explanation:** Start from the lane closest to where you want to go. If you are turning left, pull out toward the midpoint in the intersection, and wait with wheels straight until it's clear to turn. Keep just left of midpoint as you turn. If you are turning right, start from the right lane, keeping as close to the curb as possible.

### QUESTION 345
**Question:** What should you do when driving on highways?
**Correct answer:** Slow-moving vehicles should use the right lane and fast-moving vehicles should use left lane.
**Explanation:** On the highway, slower vehicles should use the lane to the right and leave the left lane for faster moving or passing vehicles.

### QUESTION 346
**Question:** While driving, If you need to read a map or directions, you should:
**Correct answer:** pull over to the side of the road in a safe place and read the map.
**Explanation:** If you need to read a map or directions, pull over to the side of the road in a safe place. Stop until you are ready to give your complete attention to driving.

### QUESTION 347
**Question:** While driving, you are NOT allowed to use your horn when:
**Correct answer:** blind pedestrians are around.
**Explanation:** There are several occasions when you should not use your horn. Never use your horn around blind pedestrians.

### QUESTION 348
**Question:** While getting onto an expressway, you reach the end of a freeway on-ramp. At this point, you should be traveling:
**Correct answer:** as close as possible to the speed of traffic.
**Explanation:** When you reach the end of a freeway on-ramp, weather and ramp condition permitting, you should be traveling as close as possible to the speed of traffic.
QUESTION 349

Question: Who has the right-of-way when more than one driver arrives at a four-way stop?
Correct answer: The first driver to stop should be the first to go
Explanation: When more than one driver reaches a four-way stop, the first driver to stop should be the first to go. When two vehicles on different roadways arrive at a four-way stop intersection at the same time, the vehicle on the left should yield to the vehicle on the right.

QUESTION 350

Question: With any turning vehicle, the rear wheels follow a ________ than the front wheels.
Correct answer: shorter path
Explanation: With any turning vehicle, the rear wheels follow a shorter path than the front wheels. The longer the vehicle is, the greater the difference will be. Truck drivers initially swing out before making a turn.

QUESTION 351

Question: Work zone or construction zone signs are usually displayed in:
Correct answer: orange with black letters
Explanation: Construction, maintenance or emergency operations signs are generally diamond- or rectangle-shaped, orange signs with black letters or symbols. They warn drivers that people are working on or near the roadway.

QUESTION 352

Question: Yellow pavement markings on the road indicate:
Correct answer: the left edge of a roadway
Explanation: Yellow markings are used to divide opposing roadway traffic and indicate the left travel edge of the roadway.

QUESTION 353

Question: You are going the wrong way when you see a ________ sign in your driving lane.
Correct answer: do not enter'
Explanation: This sign warns you not to enter a road or freeway in the wrong direction. You will see this sign if you are going the wrong way.
QUESTION 354
Question: You are more likely to survive in the event of a car crash if you use _________ together.
Correct answer: the lap and shoulder belts
Explanation: You are more likely to survive a car crash if you use the lap and shoulder belts together. The lap belt should be adjusted to fit snugly across your hipbones or upper thighs. It should never be positioned across the abdomen or the soft part of your stomach. The shoulder belt should be fitted snugly across the chest and middle of the shoulder.

QUESTION 355
Question: You may make a left turn at a red light if you are turning from:
Correct answer: the left lane of a one-way street onto another one-way street
Explanation: You may make a left turn at a red light if you are turning from the left lane of a one-way street onto another one-way street.

QUESTION 356
Question: You may not park your car in any of the following places, except:
Correct answer: on the side of a street
Explanation: You must not park your car on a sidewalk, within an intersection, and in front of a private driveway at any time. You may park on the side of a street (parallel parking), if allowed.

QUESTION 357
Question: You must avoid _________ while crossing railroad tracks.
Correct answer: stopping or shifting gears
Explanation: You must never begin to cross railroad tracks unless the tracks can be cleared without stopping. Never shift gears while crossing.

QUESTION 358
Question: You must avoid driving next to other vehicles on multi-lane roads because:
Correct answer: someone may crowd your lane
Explanation: Avoid driving next to other vehicles on multi-lane roads. Someone may crowd your lane or try to change lanes and pull into you.
QUESTION 359

Question: You must avoid panic stops in your driving by:
Correct answer: seeing hazards well in advance
Explanation: Be alert so that you know when you will have to stop well ahead of time. Stopping suddenly is dangerous and is usually a sign of a driver who is not paying attention. When you brake quickly, you could skid and lose control of your vehicle. You also make it harder for drivers behind you to stop without hitting you. Try to avoid panic stops by seeing events well in advance.

QUESTION 360

Question: You must make a full stop in all of the following situations, except:
Correct answer: when you meet a flashing yellow traffic signal
Explanation: A flashing yellow traffic light means that drivers must slow down, check for cross traffic, and proceed with caution.

QUESTION 361

Question: You must not pass a vehicle on the left when:
Correct answer: your lane has a solid yellow center line
Explanation: The left lane is usually used for passing other vehicles. You may not pass a vehicle on the left if your lane has a solid yellow center line.

QUESTION 362

Question: You must NOT pass a vehicle on the right when:
Correct answer: the vehicle ahead is making a right turn
Explanation: You may pass on the right only when the vehicle ahead is making a left turn or going straight. You must not pass when another vehicle is making a right turn.

QUESTION 363

Question: You must not pass another vehicle if you see:
Correct answer: All of these
Explanation: A solid yellow line indicates a 'no-passing zone'. Vehicles are not allowed to pass when a solid yellow line appears on the lane. It is also illegal to pass a school bus with red flashing lights and an extended stop arm. Passing must not be done when approaching a hill or a curve where there is no visibility.

QUESTION 364

Question: You must not pass on two-lane highways in all of the following situations EXCEPT:
Correct answer: Where the dashed yellow line is on your side of the center of the roadway
Explanation: When there is a dashed yellow line on your side of the lane, you are allowed to pass the vehicle in front of you.
QUESTION 365
Question: You must not use ________ to exit the freeway, even in a traffic jam.
Correct answer: an entrance ramp
Explanation: You must not use entrance ramp or acceleration lane to exit the freeway, even in a traffic jam.

QUESTION 366
Question: You must use ______ when the sun is shining brightly or when a line of cars following you could obscure your turn signal light.
Correct answer: hand signals
Explanation: You must use hand signals when the sun is shining brightly or when a line of cars following you could obscure your turn signal light.

QUESTION 367
Question: You must use high-beam lighting in all of following situations, except:
Correct answer: in fog, snow, or heavy rain
Explanation: Use the high-beams whenever there are no oncoming vehicles nearby. High-beams allow you to see twice as far as low-beams. Be sure to use high-beams on unfamiliar roads, in construction areas, or where there may be people along the side of the road. Use low-beams in fog, snow, or heavy rain. Light from high-beams reflects back from such precipitation and causes glare.

QUESTION 368
Question: You should ______ when you are preparing to turn left at an intersection and see an oncoming vehicle.
Correct answer: yield the right-of-way to the oncoming vehicle
Explanation: When you are preparing to turn left, you must yield the right-of-way to any oncoming vehicles and pedestrians.

QUESTION 369
Question: You should never back your vehicle in any travel lane except:
Correct answer: to parallel park
Explanation: It is unsafe for drivers to back a vehicle in any travel lane, except to parallel park, or if necessary to exit a driveway. Drivers do not expect a vehicle to be backing towards them.

QUESTION 370
Question: You should not make a U-turn on:
Correct answer: any curve or near the crest of a hill
Explanation: U-turns should not be made on any curve or near the crest of a hill, as your vehicle may not be seen by other drivers.
<table>
